Ogilvie's Hungarian Flour

(MILLED UNDER NEW AND UNPARALLELED METHODS)

PRODUCES MORE BREAD PER BARREL THAN ANY OTHER IN THE MARKET.

This Flour is very sharp and granular, of high creamy color, which means great strength. Requires plenty of water, and the dough must not be made too stiff, but softer than what you have been accustomed to when using other flours. REMEMBER, THAT INCREASED STRENGTH IN FLOUR MEANS MONEY TO YOU, yielding a greater quantity of bread, thus far more than repaying you for any little extra time. KEEP THE DOUGH SOFT, GIVING IT PLENTY OF GROWING ROOM. EACH BAG GUARANTEED. Sewn with our special twine—Red, White and Blue.

G. M. LEISHMAN, AGENT FOR B.C. jy23-1m

Trainor, proprietor. oc7

SILVER IN INDIA.

Opinion of the U.S. Treasury Department as to the Action of the British Government.

WASHINGTON, Oct. 12.—A cablegram has been received at the Treasury department from one of the United States correspondents stating that indications point to the "probable imposition of a definite import duty on silver into India."

WASHINGTON, Oct. 12.—In regard to the despatch received at the Treasury department to-day as to the latest action of the British Government with respect to silver in India, it is said at the Treasury department that the effect of putting a duty on silver imported into India, will be to advance the price of the silver now in India and bring out the gold that is hoarded there. It is also believed it will have the effect of lowering the price of American silver, as it takes India out of the list of purchasers and leaves the United States the sole purchaser in the world of any considerable amount of silver.

Bound to Connect.

STOCKTON, Oct. 12.—The Government officials are determined to leave no stone unturned to effect the conviction of M. D. Howell on the charge of counterfeiting, and for this purpose the grand jury, which meets in San Francisco to-morrow, will be asked to bring in another indictment against him. R. N. Harris of the secret service is in town on business connected with the case.

THE HOOPER CASE.

Statement Made by Dr. Cousens as to Mrs. Hooper's Past History.

Two Years Since She Developed Insanity and Was Placed in an Asylum.

(Special to the COLONIST.)

OTTAWA, Oct. 12.—Interest still centres round the Hooper mystery. Dr. Cousens, of this city, who gave Hooper a certificate that Mrs. Hooper was insane, in an interview said, about two years ago Mrs. Hooper was in Ottawa Convalescent Home suffering from a mild form of insanity, and Mr. Hooper asked him if he would have any objection to giving a written opinion of what would be best to do with her under the circumstances, as she could not remain any longer at the institution. Dr. Cousens certified to the effect that restraint for a short time under kindly and intelligent influence would be beneficial and might result in a perfect cure. There was no doubt at this time that Mrs. Hooper was suffering from a mild form of insanity, having illusions on some matters, principally religious. In body she was perfectly healthy and usually harmless. Dr. Cousens had known Mrs. Hooper for five years, but had not attended her professionally for about three or four years before.

In his opinion she was always "silly," but until the time she went to the asylum the malady had never appeared in the same form. She never complained of any harshness on the part of her husband at any time. On his part there was nothing noticeable of the ordinary. Dr. Cousens explained to Hooper that while he thought Mrs. Hooper would be better in an asylum, it would be necessary to send her to Kingston for the regular papers to be filled in, as in no case would an unofficial order be of any service. From other sources it is learned that the officials at the Convalescent home were anxious to have Mrs. Hooper removed, for her manner had suddenly developed to a violent form and Miss McConnell, now dead, then matron of the home, was the victim of an attack from the demented woman which caused her to be laid up for some days. Hooper was at a loss, apparently, to know what to do, and then it came about that application was made to have his wife admitted to an asylum.

INDIGNANT DR. PARKER.

He Speaks His Mind Freely as to the Bishop of London.

LONDON, Oct. 12.—Dr. Joseph Parker, of the City Temple (Congregationalist), surprised a large audience of his parishioners, this evening, by making a hot attack on the established church. He is understood to have been irritated by the unyielding attitude of the recent church congress at Birmingham, and therefore to have taken his first opportunity to avenge the score. At the opening of his address, Dr. Parker said that the Right Rev. Frederick Temple, Bishop of London, had forbidden Canon James W. Leight to attend a temperance meeting at the City Temple. "If any Bishop stoop to such a course as this," said Dr. Parker, "there is but one party guiltier than he, and that is the party submitting to these conditions. I do not hesitate to declare here that one of the first spiritual needs of London is that such a Bishop as the Bishop of London be expelled from his Bishopric." Dr. Parker then spoke with much keenness of the relation between churchmen and non-conformists. No clergyman of the established church, he said, could confer honor on non-conformists by attending the meeting. This was a question of Christian spirit and not one of privilege or patronage. The non-conformists should not allow the idea to prevail that they courted the friendship of churchmen. They should be hospitable and courteous towards the men of the established church, but should never go so far that their hospitality and courtesy should be mistaken for servility.

CABLE NEWS.

Reorganizing.

LONDON, Oct. 12.—La Ceron, the spy, states that the Clan-na-Gael is reorganizing, and that Redmond's speech at Dublin was an appeal to young men to be ready for active work in the future.

Riotous Miners.

PARIS, Oct. 12.—Advices last evening from Lens say that disturbances were continued through the night. Riotous processions were repeatedly charged upon and dispersed by the cavalry. Miners' houses were wrecked by the explosion of a dynamite bomb and the inmates had a narrow escape.

A Russian Train Held Up.

ST. PETERSBURG, Oct. 12.—A train on the Trans-Caucasian railroad, on which was being carried a large sum of money to pay the soldiers of the garrison at Batoum, was attacked at Nigotta last night by brigands, who succeeded in securing the money. Several gendarmes were in charge of the train and made known their errand, a desperate encounter ensued. The robbers were successful, although four of the gang were killed, and managed to get away with the booty before the arrival of the military, whose assistance was asked. Three gendarmes on the train were killed.

General Farrar Dead.

LONDON, Oct. 12.—Lieut. General Farrar died to-day from the effects of injuries sustained yesterday morning, while trying to escape from a fire in the house in which he lodged. General Farrar was on the active list in the army until October 10, 1892, when he was retired. He was formerly a member of the Indian staff corps.

London Wool Sales.

LONDON, Oct. 12.—There was a sale of 3,000 bales of sheepskins at the wool exchange to-day. A large selection of Victorians was comprised in the offerings. The competition was brisk. Long and short

wool merinos sold at from par to a farthing advance, compared with the prices at the last sales. Cross breeds were unchanged. Continental buyers made few purchases. But few of the offerings were withdrawn.

Fatal Accident to an Aeronaut.

ROME, Oct. 11.—L'Aeronaut says that M. Charbonnet, who was married three days ago, set out with his bride and two friends to go in a balloon over the Alps to France. Yesterday the balloon struck a glacier in the Italian Alps, the car was smashed and all the travellers were thrown out. Charbonnet was killed instantly and his wife and friends were injured severely.

International Arbitration.

BRUSSELS, Oct. 12.—The Central Committee of the International Parliamentary League met here to-day. They decided to request Mr. Gladstone to introduce and bring under discussion in the British Parliament a bill pledging the British Government to favor the establishment of a permanent court for the arbitration of international disputes.

Disturbance at Cabul.

LONDON, Oct. 12.—A report has reached here from Calcutta to the effect that there has been a serious disturbance at Cabul.

To Attack Lobengula.

CAPETOWN, Oct. 12.—It is expected that the combined forces of the government and the chartered company, numbering about 800 men, will soon attack King Lobengula's kraal.

Killing Settlers.

BUENOS AYRES, Oct. 12.—Scattered parties of insurgents in Santa Fe, Argentine, are plundering and killing foreign settlers. The authorities have promised to restore order.

Spanish Cabinet Change.

MADRID, Oct. 12.—Senor Gonzales has resigned the Interior portfolio to-day. It is probable that the Cabinet will be reconstructed.

GENERAL KAMECKE.

Death of a Distinguished German General Under Whose Command the Soldiers Entered Paris.

BERLIN, Oct. 12.—General Kamecke died to-day. General George Kamecke was born on June 14, 1817. In the war with Austria he was chief of staff of the second army corps. He left the war as Major-General and in 1863 was promoted to the rank of Lieut.-General. He commanded for twenty-four hours the 40,000 Germans who entered Paris after the surrender. He captured Thionville and Verdun, and in November 8, 1873, succeeded Count von Roon as Prussian Minister of War. In 1875 he was made General of Infantry.

THE STRIKE OVER.

Sixty Thousand English Miners Have Returned to Work on the Terms They Demanded.

LONDON, Oct. 12.—Dispatches have been received here this afternoon reporting the resumption of work in many of the coal districts. It is estimated that 60,000 men went back to work to-day at the old rate of wages. The great strike that began on July 29 is now practically over, and it looks as though the men had forced the masters to agree to their terms. The strike grew out of the action of the masters in deciding to reduce the wages twenty-five per cent. The men refused to accept any reduction or to arbitrate the dispute. They, or at least about 60,000 of them, go back to work on the terms they held out for.

BRAZIL'S REVOLUTION.

The Situation Unchanged in Rio de Janeiro—Government Troops Defeated.

LONDON, Oct. 12.—Dispatches from Rio de Janeiro say that the situation there remains unchanged. Desultory firing was kept up by the insurgent squadron throughout the day.

MONTVIDEO, Oct. 12.—The insurgents in Rio Grande de Sul surprised and defeated the troops of the Brazilian Government yesterday. The battle was fought at Quaratum. Two hundred of the Government troops were killed and many more wounded.

NO PAY FOR THEM.

The British Soldiers Who Appeared at Chicago Left Unpaid.

NEW YORK, Oct. 12.—A number of the English soldiers who took part in the military exhibition given in Chicago and this city, called on the British Consul-General to-day and complained that they were unable to get their salaries from the tournament managers, and had no money to live on here or to pay their fares back to England. Vice Consul Fraser went with them to see if he could not secure their money for them. If he cannot, the Consul will send them home on Saturday.

"PROTESTANT CHRISTENDOM."

The Topic of Yesterday's Discussion Before the Evangelical Alliance Congress.

CHICAGO, Oct. 12.—"The Religious condition of Protestant Christendom" was the subject taken up in the Evangelical Alliance Congress to-day, and addresses were made by Lord Kinnaird, Prof. Edward Neville, of Geneva, Switzerland; Mr. Matteo Procheto, of Rome, Italy; Rev. H. K. Carroll, and Principal Grant, of Queen's College, Kingston, Ont. In addition to the main congress there were several sectional conferences that attracted considerable attention.

Extensive Fire.

STOUCHEY, Iowa, Oct. 12.—A fire which started at 10:30 a.m. in the Union planing mill, extended over four blocks and caused a loss of \$500,000. Thirty buildings were burned, including the Franz Brewing Co.'s establishment; loss \$75,000.

E. B. E. STOOD THE TEST.

I tried every known remedy I could think of for rheumatism, without giving me any relief, until I tried Burdock Blood Bitters, which I can highly recommend to all afflicted as I was. HENRY SMITH, Milverton, Ont.

CAPITAL NOTES.

An International Courtesy—Canada at the Antwerp Exhibition—Chinese Returns.

Dangerous Grain Samples—Manitoba School Case to Be Argued Tuesday.

(From Our Own Correspondent.)

OTTAWA, Oct. 12.—An application was received to-day through Sir Julian Pauncefote for permission to allow the Manhattan Old Guards, of New York, to pass through Canada with side arms and accoutrements, en route to Chicago for the Manhattan day celebration at the Fair. The Dominion Government showed its good will by promptly acceding to the request.

M. Van Bruyssel, Belgian Consul General, interviewed Sir John Thompson to-day in reference to Canada participating officially in the International Exhibition at Antwerp next year. In as much as the Dominion took part in a similar exhibition at Antwerp, eight years ago, it seems doubtful whether anything will be done on an extensive scale of the coming exhibition, but it is suggested that a handsome agricultural trophy might be erected, which would do much towards attracting the attention of Belgian agriculturists to this country.

During the past month 82 Chinese paid the poll tax at Vancouver, 93 at Victoria and 1 at Westminster, or a total of 176. In September, last year, 92 Chinese entered at Vancouver and 63 at Vancouver, or a total of 155.

A. P. Davis, of Worcester, England, and John Roberts, of North Wales, two British farm delegates, returned from their visit to Manitoba and the Northwest to-day. They had an interview with Hon. Mr. Daly, and expressed themselves delighted with everything they had seen in the course of their tour.

Controllers Wallace and Wood have arranged to meet delegations of milk producers and dealers in Toronto on the 21st inst., to hear the representatives of those two branches of trade in regard to the adoption of uniform sizes of milk packages and the advisability of requiring the stamping of capacity on those packages.

The World's Fair authorities have stopped the distribution of samples of grain in the counties of the different States and the Canadian Provinces, in consequence of their being found infested with the caterpillars of the small moth and grain weevil. Entomologist Fletcher says these pests are well-known, and no danger need be apprehended in Canada, as the climate generally kills them. The grain affected may be easily and cheaply disinfected with bisulphide of carbon.

The Supreme court finished its Quebec list yesterday afternoon, and, before rising, fixed Tuesday next as the date for the commencement of the hearing of argument in the Manitoba School case.

Elisbert Roy, Secretary of the Public Works Department, was married yesterday to Miss Helen Smith of this city.

An emphatic denial is given to the statement that last session the report of the Agriculture Committee of the House was tinkered with. For years past it has been the custom to report the evidence of witnesses only and not the speeches of members.

The Experimental Farm authorities are making forty-five tons of ensilage known as the Robertson mixture. This autumn many farmers who have grown sunflowers this year, are following out the plan suggested by Prof. Robertson.

CANADIAN NEWS.

(Special to the COLONIST.)

An Ex-Convict's Sentence.

KINGSTON, Oct. 12.—Edward Malone, an ex-convict, has been sentenced to three months in jail for pointing a loaded revolver at two men. He is suspected of being the murderer of Angus McLeod, of Nanaimo. A hat left by the burglar in McLeod's house fits him.

Church Car Service Asked For.

HAMILTON, Oct. 12.—Yesterday a delegation from Christ Church cathedral waited on the directors of the Street Railway Co. and asked that a Sunday church service be commenced on the lines of the company.

Ashore Off Cape Breton.

NORTH STONEY, C. B., Oct. 12.—The ship County of Yarmouth, the largest sailing vessel in Canada, is ashore inside of Lowe Point lighthouse. Tugs have been sent to her assistance.

TORONTO TOPICS.

Presbyterian Home Mission Appointments for the Western Section—Fire at Toronto Junction.

TORONTO, Oct. 12.—(Special.)—The executive of the Home Mission Committee of the Presbyterian Church in Canada, western section, met again and concluded its business, which consisted in the appointment of persons to Presbyteries for the ensuing half year, among them being the following: Calgary, Revs. A. McKenzie and James Dobin; Kamloops, A. Brown, W. Black and A. MacVicar; Westminster, E. McKay; Victoria, A. S. Ross and A. Chisholm.

The Canada Wire Mattress Co.'s factory at Toronto Junction was damaged by fire last evening to the extent of \$10,000. The loss is covered by insurance.

VALUABLE TO KNOW.

CONSUMPTION may be more easily prevented than cured. The irritating and harassing cough will be greatly relieved by the use of Hayard's Pectoral Balm, which cures coughs, colds, bronchitis, and all pulmonary troubles.

Carpenter tools at Cheapside. †

Intending visitors to the World's Fair or other points in the Eastern States, can now make the quickest time by the new Soo-Pacific Route of the Canadian Pacific Railway, on which Tourist and Sleeping Cars are run daily. This new route is ten hours shorter to Chicago, than by any other.

AMERICAN NEWS.

Heavy Storm on the Columbia River
—Mafia Violence in New Orleans.

Negro Lynched—Terrorized by Whitecaps—Financial Panic in Rhode Island.

Traffic Competition.
SAN FRANCISCO, Oct. 12.—The Call says: It has been learned from private advices that traffic arrangements will shortly be entered into between the Southern Pacific railroad and Union Pacific line to put a stop to competition on the Portland and Sound route. This means that a rate war will be waged on the Detroit Steamship Company.

Storm on the Columbia.
ASTORIA, Ore., Oct. 12.—A heavy storm has been raging in this locality and about the mouth of the Columbia river. The wind has been terrific. The bar was rougher than since last March.

Mafia at Work.
NEW ORLEANS, Oct. 12.—Officer Toole had his throat cut some weeks ago in a patrol wagon by a desperate Italian whom he had arrested. Tuesday night Toole was assaulted and beaten after being waylaid, and probably fatally injured. It is believed the Mafia are again at work, and that it was the purpose of the Italian's friends to murder Toole in order that he might not be able to testify against their countrymen.

Negro Wife Beater Lynched.
NEW ORLEANS, Oct. 12.—Another lynching has occurred almost within the precincts of the city. "Dave" Jackson, a negro wife-beater, was taken out of the Covington jail by a mob on Tuesday night and hanged to a tree. In arresting him a policeman was seriously wounded by Jackson, who split his head open with an axe.

Virginia Whitecaps.
ROANOKE, Va., Oct. 12.—Campbell & Wright, who have an extensive ginny in connection with their mill here, received the following notice yesterday: "Whitecaps, No. 878—We have come at last, and when you read this you will see what you have to do. First, you must stop your ginny or you will stop it for you. Mr. Farmer, if you haul your cotton to a gin you will be sure to lose your cotton and your corn crop. Ten cents for cotton must come as a result of this notice." Campbell & Wright and the mayor of the town have ordered twenty-five Winchester and a large supply of cartridges. The mayor will put guards at the warehouses and at the entrances to the streets leading into the town. There is a general panic among the farmers.

Bank Suspensions in Rhode Island.
PROVIDENCE, R.I., Oct. 12.—A great sensation has been created in banking and business circles by the announcement of the suspension of the banking firms of Wilbur, Jackson & Co. and Sheldon & Benny. These concerns were classed among the strongest in New England, the banking house of Wilbur, Jackson & Co. having been in existence a score of years, and their standing has been excellent. Both houses, it is stated, have heavily backed street railway companies of Denver. Senator Wilbur is president of the Highland road in that city, and it is stated, is interested in the Denver Street Railway company. Business men display decided uneasiness over the suspension, and predict that it will seriously affect some leading houses, whose liabilities are large.

Firing at Rio.
RIO JANEIRO, Oct. 12.—At noon yesterday desultory firing was proceeding between the insurgent squadron and the forts. The city is quiet. It has not been touched by the shells. Banks and other establishments are open and general business is proceeding. President Peixoto has issued a manifesto in which he says that should the congressional elections on October 30 result adversely to him he will know how to obey the will expressed by the country.

Falsely Entering Chinese.
CHICAGO, Oct. 12.—Thomas Sing, the Chinese missionary indicted at Tacoma for violation of the Geary law, was brought before a United States commissioner to-day and held in \$5,000 bail. No bondsmen appeared. The United States court will be asked for an order to transfer Sing to the Pacific coast. Sing had given bail for his appearance in the United States district court at Tacoma, but failed to appear when called. A bench warrant was issued and he was apprehended and arrested in Chicago yesterday. Sing is charged in the indictment with making false representations by which the entry of thirty-two Chinese from the steamships Empress of China and Mogul was secured last spring. The men were represented to be actors for the World's Fair theatre, which was never completed.

A GRAND SUCCESS.
It Saves Babies Lives!

Why has Lactated Food proved such a grand success above all other makes? Simply because in its composition nature's food—breast milk—has been the model. Lactated Food is a triumph of medical science and cannot be improved in any way. The best physicians in Canada have taken hold of it with the utmost confidence. They know its healing, nourishing and building qualities, and prescribe it freely. Mothers, this grand Food will save you much trouble, sorrow and anguish if you give it a trial for your weak and sickly babies. Thousands of mothers have already testified to its great superiority over all other forms of diet. Lactated Food has established a reputation that must endure forever. It saves babies lives after everything else fails to give vitality and strength. If you have not tried Lactated Food, dear mother, send your address at once to Wells & Richardson Co., Montreal, and they will send free of charge a full sized can, so that you may test its virtues.

It pays to buy the old reliable Wellington coal. Weight and quality guaranteed. H. Goepel & Co. oct 11

Important Notice.
The old and well-known firm of Lange & Co., Watchmakers and Jewelers, have removed their place of business from Government street to No. 86 Douglas street, where they will continue to sell off their stock at cost. All repairs of watches, and other orders sent us will be attended to as usual.

WINNIPEG WIRINGS.

Hugh John Macdonald, M. P., Has Not Resigned—Major-General Herbert in the Prairie City.

WINNIPEG, Oct. 12.—(Special.)—J. W. Jackson, treasurer of the Portage la Prairie municipality, pleaded guilty to-day to embezzling the funds of the municipality, and was sentenced to twenty-three months' imprisonment. Hugh John Macdonald, member for Winnipeg, denies the report that his resignation has been placed in the hands of the Speaker, but he says he is ready to resign as soon as another candidate is selected. Major-General Herbert arrived here to-day to inspect the Royal Dragoons. He is accompanied by Captain Streetfield and Fred White, inspector of buildings. Newton, one of the prisoners who broke jail several weeks ago, was captured to-day at Neches.

INDIAN TROUBLE.

The "Big Feet" March in Force to Pine Ridge and Declare Their Intention to Remain.

CHICAGO, Oct. 12.—There is said to be a strong possibility of another Indian outbreak in the Pine Ridge section. The Big-foot band, which Col. Forsythe seriously crippled some time ago, recently marched 400 strong, including 150 fighting bucks, from the Standing Rock agency to Pine Ridge, where they declared they would remain, if they had to fight. They said their people were buried there and they wanted to make it their home. Capt. Penny immediately called out his sixty Indian police, arming each with forty rounds of cartridges, to preserve order, and two troops of the famous Ninth cavalry were dispatched to escort the Bigfoot Indians back to Standing Rock. This may precipitate trouble. As Pine Ridge is not in this military division, nothing is known of any Indian trouble here. James F. Ashley, Indian trader at Pine Ridge, who is now in Chicago, says that he left there a few days ago and that there is trouble in the air.

A DISCORDANT NOTE.

Mayor Shanks, of Dublin, Disturbs the Harmony of the World's Fair Banquet.

He Makes a Discourteous Speech and Gets "Called Down" by Indignant Davis.

CHICAGO, Oct. 12.—Dublin's Lord Mayor, James Shanks, is a *persona non grata* with the high governing officials of the Fair to-day, particularly with Director-General Davis. The trouble was caused by the Lord Mayor's ill-advised and discourteous speech at the music hall banquet at an early hour this morning. Not half a hundred of the banqueters remained until that time, and most of them stood in a cluster around the Director-General, who was acting as toastmaster. Executive Commissioner Hovey, of Massachusetts, came to the banquet prepared with an interesting speech, which he was to deliver in response to the toast, "The Executive Commissioners of the United States." Long before it came to his turn to speak, just before the closing address of President Higginbotham, the representative of Massachusetts left the banquet hall with a feeling of ill-concealed disgust, because of a confusion created by the foreign and other guests, and their persistent refusal to listen to the speeches, so the Director-General announced that Mr. Hovey's place on the programme would be taken by Mayor Shanks, who had evidently come primed to make a discordant speech, although his name, as he took pains to inform his hosts at the beginning of his speech, was not on the list. His first complaint was that through an unintentional oversight the name "Ireland" was not included in the toast "Great Britain and her colonies." The Director-General felt offended when the Lord Mayor also complained that Ireland was not represented at the fair with a building of her own and courts of her own. When he said "The next time don't have the McKinley tariff," Col. Davis, who is a staunch Republican, stood up, and his eyes flashed with indignation. He said to his friends around him: "I will call him down for that." When Mayor Shanks sat down nobody applauded the sentiments, and the Director-General quickly arose. In firm but polite language he informed the Lord Mayor that it was no time or place, and it ill-became him as a guest, when asked to respond, for an American commissioner to criticize American statesmen. As to his complaint that Ireland was not represented as a nation, it was absurd as well as discourteous to the exposition officers because only nations recognized as such by the civilized powers could be represented at the World's Fair. The Lord Mayor looked abashed and made no reply.

Burdock CURES Scrofula.
Scrofula is a tainted and impure condition of the blood, causing sores, swellings, ulcers, tumors, eruptions and skin diseases. To remove it, the blood must be thoroughly cleansed and the system regulated and strengthened. B.B.B. is the strongest, purest and best purifier and cures all scrofulous disorders rapidly and surely. I was entirely cured of a scrofulous ulcer on my ankle by the use of B.B.B. and Burdock Health Quinine. Mrs. Wm. V. Boyd, Brantford, Ont.

B. C. BOARD OF TRADE.

Important Business Transacted at the Regular Quarterly Meeting of the Council.

Hon. Mr. Foster's Visit and Its Object—The Question of Victoria Pilotage Fees.

The seventh regular meeting of the present council of the Board of Trade was held yesterday morning at the Board rooms, there being in attendance Mr. A. C. Flum, president, and Messrs. R. P. Rithet, C. E. Renouf, H. E. Connon, H. F. Heisterman, Thomas Earle, M. P., T. B. Hall, D. R. Ker, Robert Ward, A. L. Belyea and E. G. Prior, M. P. One of the first matters of business discussed was in connection with the promised visit of Hon. George E. Foster, minister of finance, Mr. Earle quoting from a letter written by Hon. Mr. Foster before leaving Ottawa, in which he stated that he would be here about October 25, and suggested that those interested in the various industries of the city and district meet him for the purpose of discussing the tariff and other subjects affecting their several branches of business—these meetings to be in a manner private and not open to press representatives.

After a short discussion, initiated by Mr. Earle's remarks, the following resolution was introduced by Mr. R. P. Rithet, seconded by Mr. T. B. Hall, and adopted without dissent:

"That this Board do all in its power to facilitate the object of the Hon. Geo. E. Foster's visit by asking the members of the Board and others interested in the business and industries (including farming) of the province to meet Hon. Mr. Foster at the Board rooms upon the dates which he may fix for such interviews, and that the rooms of the Board be placed at the disposal of Hon. Mr. Foster during his stay in this city."

It was also decided to advertise the date and object of Hon. Mr. Foster's visit, and to urge upon the different industries the appointment of delegates competent to explain their needs and to voice their views. The Board rooms will be open for the conferences referred to above between 10 a.m. and 4 p.m. each day during the minister's stay in Victoria.

In answer to communications recently addressed to the Board by the managers of the Canada Paint Co. and the Standard Oil Co., the following communication was received from Mr. E. Crow Baker on behalf of the Victoria and Esquimalt Board of Harbor and Pilotage Commissioners, of which he is secretary-treasurer and a member:

E. Crow Baker, Esq., Secretary Board of Trade:

Sir—I have the honor to acknowledge the receipt of your communication dated yesterday and having perused the enclosure therein referred to, would say in reply that the Canada Paint Co. and also the Standard Oil Co. have been wilfully deceived by their so-called friends in Portland (most likely the owners of a tramp steamer bearing the name mentioned) and are consequently in error with reference to the facts in the matter of the pilotage rates obtaining in this pilotage district; and I am very far from being in the least surprised that if the cause is a real, not imaginary or alleged, be ascertained from a strictly truthful source, a ulterior reason can very readily be made to appear upon the surface of the assertions. You are already in possession of the rates governing the ports of Victoria and Esquimalt, and can easily compare them with those of Portland, Astoria and San Francisco (as also those of sister authorities), and you will find we are the lowest on the Pacific Coast. Three of the members of this Board are ex-presidents of your board and zealously guard shipping interests.

Yours faithfully,
(Sd.) E. CROW BAKER,
Commissioner and Secretary.

On motion of Messrs. Hall and Renouf it was decided to order copies of the Imperial Institute year-book; first copies of the B. C. Board of Trade's fourteenth annual report were presented by the secretary.

Mr. Ward inquired if the return of British Columbia revenue and expenditures asked for by Mr. Prior had yet been received? It had not—had anything then been heard of the appropriation for the Victoria post office?

Mr. Prior explained that leave had been granted to place some of the returns referred to on the table, and some had been produced late in the session—those of Public Works and on Marine and Fisheries. He was surprised to find by some of the statements presented that the total expenditure since confederation was in excess of the revenue. He promised to secure the returns asked for (since 1886) before next session, and the council adjourned.

STOCKS IN NEW YORK.

Plungers Force the Market, Which Subsequently Falls Into Stagnation.

NEW YORK, Oct. 12.—Well posted and sagacious financiers, whose operations at most times truthfully forecast the financial future, did nothing in the stock market to-day. Most of them have already cleaned their decks in view of possible emergencies. While they were resting thus, inactive, the throng of "plungers" left in complete control, moved prices at their will; and, for obvious reasons, it was their choice to drive the market upward. In the more sober minded part of the community, there was little discernible but an anxious doubt. There is not often less of real significance in a rapidly rising market than there was in to-day's. Its story is easily told. No buyer of consequence was bold enough either to buy or to sell; consequently the cheaper speculators bought, proposing to sell again later. Long before the close of business, however, the market had fallen into stagnation. Closing bids, 19; Wells, Fargo & Co., 130; Great Northern, preferred, 109½; Missouri Pacific, 23½; Northern Pacific, 65; do. preferred, 20½; Oregon Navigation, 30; Oregon Improvement, 8; Pacific Mail, 15; Southern Pacific, 18; Union Pacific, 17½; Western Union, 82½; Bar Silver, 73½ per ounce.

THE TRIUMPHANT THREE.

DURING three years' suffering with dyspepsia, I tried almost every known remedy but kept getting worse until I tried B. H. I had only used three days when I felt better; three bottles completely cured me.

W. NICHOLS, Kendal, Ont.

Northern Pacific Fast Time.

Commencing Sunday, October 1, the Northern Pacific Railway will resume its double train service from Portland to St. Paul and Chicago. Both trains will be equipped with Pullman's latest drawing room sleepers, Pullman upholstered tourist, magnificent dining cars, and elegant high-back coaches, affording a quick and most enjoyable trip across the continent. Rates, time tables and general information will be cheerfully furnished upon application to E. E. Blackwood, agent.

For a good game of billiards or pool, call at M. C. Brown's, Duck Block. se14-1m

IRISH CONCERNS.

John Redmond's Course Denounced as Unpatriotic—The Ulster League.

DUBLIN, Oct. 12.—The Irish National Federation held a meeting last evening. Michael Davitt, in a speech, said the latest development of John Redmond's unpatriotic policy was the attempt to belittle the Home Rule cause and organize a movement in the country for the purpose of thwarting its authors. If Redmond's policy were carried out, said Davitt, the Irish party would soon have to face a Tory government and be estranged from the Radical party. The Irish, however, would not be deceived by this thinly disguised treachery to Home Rule, and Ireland's national representatives would keep faith with the industrial democracy of Great Britain. A circular of the watch committee of the Ulster Convention League was issued to-night. It says the attitude of the Ulster members of Parliament is unchanged, and a council of forty men of courage and discretion will be elected who will co-operate with the members of Parliament in formulating a scheme in opposition to the Home Rule movement for submission to the convention.

A SAUCY LITTLE SMUGGLER.

The American Schooner "Ohio" Captured Redhanded by the Patrol Steamer "Mischief."

Departure of the Lumber Laden Schooner "Bowden"—A Pilot Boat in the Blow.

The trim little schooner Ohio, flying the American flag, was yesterday towed into port from the West Coast by the steam schooner Mischief. Capt. Pettit of the Mischief left here with his vessel about three weeks ago, and since then has been cruising along the West Coast in search of smuggling craft. Before leaving here he was made a special Customs officer by Collector Milne, and his mission on the Coast was to seize any vessel found carrying on illegal traffic. This duty Captain Pettit fulfilled. Hearing of the Ohio's movements he at once gave chase, tracing up every bay and inlet on the coast until he reached Esperanza inlet on Monday, the 2nd inst. Here the culprit was fallen in with while her captain was landing a sewing machine. Capt. Pettit at once boarded the schooner, the master of which seemed to know what the trouble was, for he remarked: "I know what you're after." Capt. Pettit took charge of the vessel and her cargo of flour, groceries, etc., including the brand new Singer machine which was about to be landed, and soon afterwards started for Victoria. The Indian crew on board the vessel save Charlie, who claims to be the schooner's captain and owner, soon disappeared when the Mischief made her appearance. The schooner formerly belonged to Fairhaven, and Charlie says he purchased her only a few weeks ago with the intention of registering her under the British flag next year, when he also expected to report at the customs house, as he hoped then to have sufficient money gathered to pay all duty on the boat. She is of about ten tons register, schooner rigged, and has a comfortable cabin and a roomy freight hold. She is comparatively a new vessel, having been built in Fairhaven but two years ago. It is not known yet what the customs authorities will do with her, but it is probable she will be sold by auction.

THE NEW REVENUE CUTTER.

The St. Catharines Star of Wednesday, October 4, contains the following: The United States revenue cutter Perry is coming down the canal to-day bound from Erie, Pa., to Puget Sound, around Cape Horn. Yesterday afternoon a Star representative, in company with two other knights of the quill, boarded the tight little iron-clad at Thorold and had the pleasure of a chat with the courteous and gentlemanly skipper, Capt. Fingar. The captain showed the scribes through the vessel, which is one of the prettiest, cleanest and staunchest little crafts that has ever passed through the canal. The engines are of 750 horsepower, and the Perry can cut through the sea at a rate of 12 knots an hour. She carries modern breech loaders, 3 inch rifles. The Perry was built a Buffalo eight years ago, and since that time has been engaged in the revenue business on the salt water and on our inland seas. Capt. Fingar has only been in command three years. He has under him a capable staff of sailors. The officers are: Capt. Fingar, First Lieutenant Chayton, Second Lieutenant Emery, Third Lieutenant Cochran, Chief Engineer Tupper, Assistant Engineer Littig and a crew of forty men. The Perry goes to Ogdensburg from here and thence to Montreal. The next stop will be New York, and from there she will make her way slowly around "The Horn," and up the Pacific.

A VICTIM OF THE BLOW.

The only vessel in port which suffered from Wednesday night's gale was the Nanaimo pilot boat. She was blown from her moorings off the outer wharf, between the two docks, smashing into the piles of one and sustaining considerable damage astern.

THE BOWDEN AWAY.

The American schooner William Bowden will load the last of her lumber cargo at the W. P. Sayward mill to-day and will sail for Australia on Sunday.

MARINE NOTES.

The American barque Hesper, 664 tons, Capt. Sodergren, has finished loading her cargo of lumber at the Hastings Mill, and will sail for Adelaide probably to-day. She has on board 755,042 feet of rough lumber, 14,970 feet of pickets, and 45,000 laths. Her cargo is valued at \$5,886.

Schooner Otto has gone to the West Coast to drop her Indian hunters at their homes. Steamer Princess Louise is in dry dock receiving a general overhauling.

Steamer Barbara Boscowitz will leave for the north to-morrow evening. The SS. Empress of India sails for China and Japan on Monday.

After Breakfast.

To purify, vitalize and enrich the blood, and give nerve, bodily and digestive strength, take Hood's Sarsaparilla. Continue the medicine after every meal for a month or two and you will feel like a new man. The merit of Hood's Sarsaparilla is proven by its thousands of wonderful cures. Why don't you try it?

Hood's Pills cure constipation. They are the best after-dinner pill and family cathartic.

Cheap dinner sets at Cheapside

E. M. JOHNSON

37 Government Street, Corner of Broughton.

ESTABLISHED 1879.

Real Estate Agent, Conveyancer and Notary Public

Loans Effected, Rents and Income Collected, Deeds Prepared, Etc., Etc.

FOR SALE---A 1388-ACRE FARM

About 1000 Acres of which is Ploughable Prairie of First-class Quality.

120 Head (more or less) Cows, Steers, 2-year olds, etc., etc., (about 60 or more to calve this spring), 1 pedigree Hereford Bull (rising 3 years.

7 Mares (in foal to a good stallion), 1 Horse, Pigs, Chickens, etc.

Ploughs, Harrows, Reaper, Fanning Mill, Wagon, Sleds and usual Farm Implements.

Double Harness, Chain Harness, Bull Chains, Saddles (ladies' and gent's), Bridles, etc.

Blacksmiths' Bellows, Anvil and Tools and Carpenters' Tools.

9-Room House (shingle roofed; Stable for 10 horses, with hay loft above; Stone Roothouse, Store Buildings, Dairy, Cow Sheds, etc., etc.

4 Miles (about) Standing Fences, in good order; Corrals, 10 miles barbed wire and staples; about 2,500 Posts on the ground, ready for use, etc., etc.

Small Lot Household Furniture, Stove and Pipes, Crockery, etc., etc.

This Property is within easy distance of many of the most important Gold, Silver and Coal Mines in West Kootenay. The population of this district will increase this year by at least 10,000; the area of farm land is very limited, and from this it may be fairly asserted that beef and all classes of farm produce will find a ready and lucrative market. The soil is the best bottom land, and the locality is one of the few places in the Province where so large a piece of good farm land can be found in one block. A river runs through the property, and rainbow trout are plentiful and afford capital sport. Deer abound in considerable numbers. Bear, Wolf, Coyote and other large game are to be found in the hills. There are two creeks recorded and belonging to the estate, one flows all the year round. Limestone and brick clay are to be had in the valley.

The Cattle are well bred; a much larger herd could be farmed with the place. The bunch grass on the hills in the vicinity covers many thousands of acres, and is available to the few land owners in the valleys. All buildings and fences about the farm are in good order, and farming operations can be gone on with at once; about 180 acres of ploughing have been, so far, provided for this year's work.

The Climate is not severe, the land being about 1,100 feet above sea level; the station was for many years the winter quarters of the H. B. Co.'s pack trains. There is a weekly express in and out. Goods and supplies at wholesale can be procured on order and delivered in 48 hours.

The Title is by grant from the Crown, and is free of all encumbrances. Immediate possession can be given.

Important Railway works are now in progress within moderate distance, and two railway lines have been run to pass close to or through the estate, which can be reached in the spring in three days' journey from Victoria.

The South West Kootenay District, British Columbia, judging from the actual ore products of the mines this winter, is destined in the next year or two to become one of the richest and most important mineral centres in the world. Statistics show, that although the district is in its primary stage, the mines have developed ore veins rich enough to warrant the investment of over a million dollars. When these mines come to be worked systematically, there will be an

Influx of Population, which will require beef and farm produce in large quantities. The limited quantity of really good farm land in the district to supply these requirements makes this

A BONANZA!

To any person or corporation having the capital and knowledge necessary to develop and work this estate. A store, hotel and blacksmith shop could be run in connection with the farm.

NOTICE.

Notice is hereby given that application will be made at the next Session of the Legislative Assembly of the Province of British Columbia for an act to incorporate a company to construct, equip, maintain and operate a line of railway from some point on the Gulf of Georgia, in Delta Municipality, thence by the most feasible route to the City of New Westminster, with power to construct a branch line from some point in Delta Municipality, in an easterly direction through the Municipalities of Surrey, Langley and Matsqui, to a point at or near Abbotsford.
Dated the 26th day of August, 1893.
BODWELL & IRVING,
Solicitors for the Applicants.

NOTICE.

I will not pay any debts unless contracted by myself or wife.
oc6-1m MR. AND MRS. A. GARLAND.

Public Notice.

The following streets will be closed to traffic until further notice: Oswego St., from Niagara and St. James St.; Fernwood road, from North to South road; and View St., from Cook to Vancouver St.
Sept. 13th, 1893. E. A. WILMOT,
City Engineer.

NOTICE is hereby given that an application will be made to the Board of Licensing Commissioners at its next sitting by John Hegg for a transfer of the license granted to him for the sale of spirituous or fermented liquors by retail at the Empire (lately known as the Cosmopolitan) Hotel, Milne Block, Johnson street, in the City of Victoria, to Alfred Penner, Briggs, of the said city.
Dated this 14th day of September, 1893.
JOHN HEGG,
A. P. BRIGGS.

THROW AWAY CRUTCHES

MARVELLOUS

Rheumatic Liniment and Mixture

Rapid and Effective Cure.

Victoria, B. C., Jan. 17, 1893.

To Dean & Cryderman, druggists,
GENTLEMEN,—With much pleasure I add my testimony to your valuable Marvellous Rheumatic Cure. For three months I suffered terrible pain. Could not move only by the aid of two sticks. I have only taken two bottles of the medicine and two of the liniment, and I can now go without sticks, and hope after the third bottle to go to work.
Yours very thankfully,
S. NORMAN.

No. 48 Oswego street, corner Michigan street.

If you have Rheumatism, Lame Back or any Severe Ache or Pain, The Marvellous Rheumatic Liniment will Cure it quickly.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

THE CITY.

THE much needed improvements to the City Hall roof have been made at last.

WILLIAM WALLACE BURNS McINNES, of Nanaimo, has been gazetted a notary public.

IF MAX FEUERBROTHER will apply at 85 Wharf street, he will hear of something to his advantage.

A SPECIAL meeting of the City Council has been called by the Mayor for this evening at 8 o'clock.

THE Josephine Mining Co., of Nelson, was duly registered on the 9th inst., with a capital stock of \$600,000.

A PARLOR social under the auspices of the Ladies' Aid of the First Presbyterian church is to be held at the residence of Mr. James Hastie, 141 Chatham street, on the evening of the 25th inst.

W. H. BASTABLE, a stoker of H.M.S. Royal Arthur, was yesterday committed for trial on a charge of larceny. The circumstances of the case were related in the COLONIST of yesterday morning.

THE East Kootenay Exploration syndicate, Ltd., (Foreign), has been registered under the Companies' Act, with headquarters at Wild Horse creek, and a capital stock of £80,000 in £1 shares.

A CERTIFICATE of incorporation has been issued to the Northern Counties Investment Trust (Ltd.), Foreign. The amount of the capital stock is £500,000, in £10 shares, and the place of business, Vancouver.

AN Bow, for supplying liquor to Indians, was convicted on the information and evidence of the receivers yesterday morning, and sentenced to three months' imprisonment at hard labor in default of a \$50 fine.

RIGHT REV. BISHOP PERRIN will deliver a lecture in St. John's church schoolroom on the evening of the 25th inst. This will be the inaugural lecture of a series to be given in the same place during the winter season.

THE committee of the Merchant's Exchange club met yesterday afternoon and drafted their report on organization, constitution, rules, etc., which will be presented at a general meeting of the club called for 4 o'clock this afternoon.

CHARLES WILSON, who, on Wednesday, was charged with obtaining money from an Indian under false pretences, was wise in his judgment when he elected for trial in the higher court. The Indians who are the only witnesses against him cannot wait longer in the city, and there will be no evidence for the prosecution in consequence when the case comes on for trial.

A PUBLICATION of special interest here has just made its appearance. It is entitled "The Behring Sea Arbitration," and is the history of the case as sent to the London Times by its Paris correspondent, the letters being republished by William Clowes & Sons, London, by permission, together with the text of the award. The little work, which is neat in appearance and handy in size, is for sale at T. N. Hibben & Co's.

LAST night the B.C.B.G.A. had their final parade in preparation for the inspection by Lt.-Col. Peters, D.A.G., on Saturday afternoon. The turnout at the inspection is expected to be the largest in the history of the brigade, or battalion as it is now called. Though the companies have not yet been recruited up to the newly authorized strength of 100 men each, they are now considerably in excess of the 42 which has been the limit of former years.

LIGHTKEEPER DAYKIN, of Carmanah Point, has reported the circumstances in connection with the disappearance of his son and Detective E. D. Macnaughton to Superintendent of Police F. S. Hussey. He does not suspect foul play, but that the Indians witnessed the drowning of the two young men, and were too cowardly to go to their assistance. The facts as at present represented do not justify any investigation by the police, as such would, in all probability, be entirely fruitless.

A YOUNG man known as Harry Smith was given in charge to Police Officer Redgrave, yesterday morning, by George Marshall, who accused him of stealing an alarm clock found in his possession. As the offence was alleged to have been committed in New Westminster, the culprit was turned over to the Provincial police, and appeared for trial in the Provincial Police court at 2 o'clock. Stipendiary Magistrate Macrae being on the bench. Owing to the identification of the clock being almost impossible, the case was dismissed.

AN IMPORTANT sale of Island timber has just been effected, in the transfer of 9,980 acres at Nitinat by Daniel Carmody, of this city, and H. R. Morse, of Vancouver and Alpena, Michigan, to M. M. Boyd, of Bobcaygeon, Ont. The limits are said to be exceedingly well timbered, and the property is a very valuable one. The price was paid in cash, and was quite satisfactory to the sellers. The transaction is particularly interesting from the fact that it introduces further Eastern capital, and it is said to be the purchaser's intention to immediately proceed to work the limits, and to erect a sawmill. Mr. Boyd has been about ten days in Victoria, and he is accompanied on the visit by Mrs. Boyd and child.

MESSRS. Corbould, McColl, Wilson & Campbell give notice in the Gazette of two private bills, to be introduced during the approaching session of the Legislature. The first is for a bill "to authorize the commissioners for the 'Sumas Dyking District' to reclaim those portions of Townships 16, 19, 22 and 23 affected by overflow of water, and to divert the water of Vedder's Creek and all other streams and creeks that may be found to be necessary, and in such manner as may be found expedient, and for such further and other powers as may appear to be necessary and expedient." The second bill sought is to amend the Ashcroft & Cariboo Railway Co. Act of 1890 "by changing the corporate name of the Company, by extending the time for the commencement and completion of the proposed line, by changing the point of connection with the Canadian Pacific Railway, by reviving and confirming the grants, rights and privileges conferred

on the company, and by revising and consolidating in one Act the several Acts relating to the company."

THE usual proclamations concerning private bills proposed to be introduced in the Dominion and Provincial Legislatures appear in the Gazette.

THE survivors of the Leonore wreck are still in the city and will be paid off by the agents of the vessel here as soon as the latter receive word to do so.

THE programme at the Sir William Wallace Society this evening will include a short essay on "The Life and Times of Wallace." A large attendance is expected.

MESSRS. Tribe and Burton have established themselves as proprietors of the New York bar at 69 Yates street, where they will have a grand opening with music and refreshments this evening. Both members of the new firm are well known and popular.

CONSTABLE HUSTON this morning took up to Westminster the East Indian sailor Wilson, sentenced to twelve years imprisonment for manslaughter, and also George Schulkins, of H.M.S. Royal Arthur, who will serve ninety days for breach of naval discipline.

VICTORIA Lodge, No. 1, A.O.U.W., held a meeting on Wednesday evening at which Grand Master Marcus Wolfe, of Nanaimo, presided and delivered an interesting address. The society propose giving a grand ball and social in the near future, the date of which is not yet announced.

PAGE & WINNETT are collecting choice samples of fruit, roots and vegetables for the purpose of securing a choice exhibit in these lines for the Midwinter Fair. Any samples will be received at their office, Troncon Avenue, and labeled with the name of the district and owner. It is hoped that a good collection will be secured. A fair beginning has already been made.

A MEETING of a syndicate of quartz and placer claim owners in Alberni district, was held on Wednesday evening, and the plan of operation discussed. It was decided to form a joint stock company for development purposes. The claims owned by the syndicate are those located by Messrs. Jorgensen and McKay during a recent prospecting trip to China (Ahlut) Creek and Hiwatches Creek.

JESTIE PRATE, for maliciously damaging property, was, in the Police court yesterday morning, sentenced to one month's imprisonment. According to the girl's story, she had taken a pair of boots for repair to a shoemaker in Oriental alley, who refused the contract until a certain little bill incurred on a previous occasion should have been liquidated. Then Jessie went outside, and while she was shaking the aforementioned boots at the shoemaker through the window, they slipped from her hand and smashed two separate panes of glass.

A DECIDED revival in business is reported in several branches of retail trade, the volume of transactions showing an increase over that of the corresponding season of last year, and the outlook being generally brighter. Collections are reported as easier, but there is a disposition to further restrict the extent of credits allowed. As an offset to the vacant houses in the older portions of the city, there has been a material increase this year in the number of more modern dwelling places, and in Victoria West particularly the building industry has been brisk.

ONE of the last, but not by any means the least enjoyable of the harvest festivals of the season was that in connection with St. Barnabas church last evening. The interior of the edifice was tastefully adorned for the occasion, and when set off by the choir and congregation, presented a very pretty effect. Rev. Canon Beaulieu conducted the service, Rev. W. H. P. Arden reading the lessons, and His Lordship the Bishop preaching the sermon, dwelling upon the season's gifts, and the necessity of rendering thanks therefor, not only for the material but the spiritual.

SEAGERS COUNCIL, No. 85, Y.M.I., inaugurated a series of social dances which they purpose holding during the winter season, in Harmony hall last evening. The event was largely attended, much to the encouragement of the society whose dances have in the past been very popular, as they will no doubt continue. The Brown-Richardson orchestra provided the music, it being their last appearance in public under the "firm" name. Mr. Brown, the pianist, leaves for England this evening, where he proposes working with his father in a large manufacturing establishment. His place in the orchestra will be filled by Mr. Ashworth, of San Francisco.

THE story of a "bluff" that did not fail is the history of the latest exploit of the harbor front thieves. Yesterday morning the steamer Sadie was proceeding toward the wreck of the San Pedro, having the watchman of the landmark and several others on board, a rowboat was noticed alongside the big collier and two men were seen in the act of passing clothing over the side. The thieves at sight of the steamer started away, but the Sadie giving chase soon overhauled them and ran so close alongside that a conversation ensued. The water rats had secured an overcoat and a suit of clothes belonging to the watchman, which he quickly identified. He asked the robbers what they meant by stealing from the Pedro, and in reply the elder of the two men in the boat reached for his shotgun and slipping two shells in the breach ordered those on board the steamer to stand clear. It would have been the easiest matter in the world for them to have run the boat down, but instead they made all speed for town where they reported to the police. A suitable steamer to give chase could not be secured during the afternoon, and though the Constable will go out with a search party this morning there is but one chance in a hundred that she will run across the thieves.

Paris Panels.

Paris Panels, the most beautiful style of photos, at \$6 per dozen for this month only. Skeene Lowe, 53 Government street.

JAPANESE drapery crepes, now so very popular in the East, at Weller Bros.

SPORTS AND PASTIMES.

The Navy Team Wins from Victoria College—Third Contest for the America's Cup.

Jordan's Challenge Declined—The Race for the Cesarewitch Stakes a Dead Heat.

To-morrow afternoon there will be a great programme of athletic and military competition at the Canteen grounds, Esquimalt, the occasion being the annual sports of the Navy. All the ships in port will be well represented, and the interest in the affair is keen. It is expected that a large number of the citizen friends of the Navy will go down to Esquimalt for the afternoon. Yesterday trial heats were contested to determine who will enter as representatives of the ships in a number of the contests.

FOOTBALL.

Yesterday afternoon at Beacon Hill, under the most favorable circumstances, a very evenly contested game of Association football was played between an eleven of Naval Officers and Victoria College. The College played an uphill game against a far heavier and faster team.

In the first half the officers had a little the better of the game, though both sides scored one goal. After half-time the game was of a very even nature. The College forwards played a good combination game, but easy chances of scoring were thrown away. The Navy added two more goals, winning the match by three goals to one.

For the Navy, Cowper and Carter played a splendid game at back, while Wilson and Napier on the left wing were the pick of the forwards. For the College, Cartwright, Wilson and Higgins played a good passing game, and Nesbitt, Goward and H. Erb were best in the back division.

A return match will be played next week on the Canteen grounds, Esquimalt.

LACROSSE.

"THEIR BOYS."

OTTAWA, Oct. 12.—(Special)—A meeting of citizens was held at the City hall, last night, at which the movement to present gold watches to each of the Capital players took systematic shape.

CRICKET.

TO MEET THE AUSTRALIANS.

TORONTO, Oct. 12.—(Special)—The Canadian eleven which will meet the Australian gentlemen in a cricket match here on Saturday, Monday and Tuesday next, has been settled as follows: W. W. Jones (captain), D. W. Saunders, P. C. Goldingham, J. M. Laing, K. H. Cameron, W. R. Wadsworth, G. S. Lyon and J. S. Bowbanks, Toronto; M. G. Bristowe and E. E. Turton, Ottawa; W. H. Cooper, umpire; J. E. Hall, Parkdale, scorer; and B. Van Homrigh, Millbrook.

ALL MASSACHUSETTS NOW.

BOSTON, Mass., Oct. 12.—The cricket match between the Australians and an eighteen of All Massachusetts, ended this morning in favor of the visitors. In the first innings the eighteen made 88 as against 65 by their opponents, but they were unable to keep up the pace, and when the last of the Massachusetts' wickets fell in the second innings for 27, the Australians needed only 51 runs to win. They made them without any trouble for the loss of three wickets. The feature of the morning's play was the batting of Lyons, whose faultless 25 was the highest score of the game. The smallness of the total was attributed to the roughness of the wicket and the defective light, the shadow on the grand stand falling athwart the crease bothering the batters.

AQUATIC.

THE CHALLENGE DECLINED.

TO THE SPORTING EDITOR:—In re the challenge from Walter Jordan, of Vancouver, appearing in this morning's issue of your paper, to row me a mile straightaway race, I would say that it is not my intention to row again this season.

(Sd.) ED. MALLANDAINE.

Victoria, October 12, 1893.

THE TURF.

THE CESAREWITCH STAKES.

LONDON, Oct. 11.—The race to-day for the Cesarewitch stakes at the Newmarket meeting resulted in a dead heat between Redeyes and Cypress; Lady Rosebery ran third.

[The race for the Cesarewitch stakes is one of the twenty most famous annual events of the English turf. Last year's winner was the five-year-old Burnaby, carrying 6 st. 11; the year before it was Ragimunde; and in 1890, Sheen.]

YACHTING.

"VALKYRIE" VERSUS "VIGILANT."

NEW YORK, Oct. 12.—The race between the Vigilant and the Valkyrie yesterday was declared off on account of no wind. It is to be sailed to-morrow.

The America's supdefender, Vigilant, and her antagonist, Lord Dunraven's Valkyrie, lay off Bay Ridge to day getting in readiness for to-morrow's race. Little was done on the white sloop beyond lightening her shrouds and readjusting her pulley blocks. But on the Valkyrie a change was made which Lord Dunraven thinks will make her better able to sail the Vigilant than she has been. One extra ton of lead ballast was placed in her hold amidships. This made her sit lower in the water and increased her loadwater line. Her owner stated in an interview, that in order to shorten her water line, he had lightened her and cut away her forefoot so that she has been nearly a foot shorter than when she raced in British waters and made a phenomenal record among British boats. Lord

That Tired Feeling

The marked benefit which people overcome by That Tired Feeling derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." J. B. Emerton, a well known merchant of Auburn, Maine, says: "About five years ago I began to suffer with very severe pain in my stomach, gradually growing worse. I took Hood's Sarsaparilla, being convinced that I was troubled with Dyspepsia complicated with Liver and Kidney troubles. I improved at once and am certainly very much better and feel more like working."

Hood's Sarsaparilla

always gives me relief and great comfort. It is a God-send to any one suffering as I did."

HOOD'S PILLS cure Habitual Constipation by restoring peristaltic action of the alimentary canal.

Dunraven arrived at the conclusion that he had lightened the boat too much, and he, therefore, decided to put in more ballast before another race takes place. After the additional ballast had been put aboard, and made fast, the Valkyrie was towed to the Erie basin, where official measurer Hyslop ran his steel tape over her and furnished the racing committee with the new measurements. The increased length of water line cuts down the time allowance which the boat received from the Vigilant from 1 minute 48 seconds to 1 minute 33 seconds. It is expected that the loss of 15 seconds in time allowance will be more than compensated for by the improved sailing ability of the yacht. After being measured the Valkyrie was towed back to her anchorage ground at Bay Ridge. The race to-morrow will be the same that ended without a finish on Wednesday, over a course 15 miles to windward or leeward off Sandy Hook lighthouse and return. The weather bureau predicts a gale for the race and the skippers of both yachts say that they want a good stiff blow to show what their boats can do. The indications are that the race will be with housed topmasts, and the liveliest of the series.

NEWS OF THE PROVINCE.

(Special to the COLONIST.)

NANAIMO.

NANAIMO, Oct. 12.—Mary Seaweed, fifteen years old, an Indian girl, was found dead in the bush, back of the Comox road, early this morning. Death was the result of alcoholic poison and exposure. Mary, with four other Indians and a half-breed named Edwards, left the Euclataw camp last evening, taking with them a supply of liquor, intent upon making a night of it. The Provincial police heard of the affair but could not find a trace of the party until this morning, when Constable McKinnon met an Indian man who accompanied Mary. He then learned she was missing. Search was made, with the result that she was found dead in the bush, the body being still warm. Edwards, the half breed, who supplied the liquor, consisting of one bottle of rye whiskey and one of gin, is only seventeen years old, and is now in jail waiting trial.

WESTMINSTER.

NEW WESTMINSTER, Oct. 12.—A new lodge of the Sons of England was instituted at Chilliwack last night by District Deputy Townsend.

Sixteen thousand cases of canned salmon are going East over the Great Northern from the deaver cannery.

No. 4 company, B.C.B.G.A., will be inspected on Saturday, 21st inst.

Fifty dollars were received at the W.C. T.U. experience meeting last night, in aid of the Refuge Home at Victoria.

A good many house snows suffered in the storm of Tuesday and Wednesday along the river.

WORLD'S FAIR.

Italy's Day Duly Celebrated—The Exhibition to Be Continued—Arrangements for Exhibits.

CHICAGO, Oct. 12.—The Italian day celebration closed with a reception and tableaux at the Womens' building. Count Cassili personated Columbus.

A special committee recently appointed to consider the advisability of keeping the Fair open after this month has practically decided in favor of doing so as long as the weather will permit and as long as people come in sufficient numbers to make it profitable.

The plan is to continue charging the present admission fees and to induce foreign and American exhibitors to keep their displays intact if possible. Many foreign exhibitors have already agreed to do so, and everyone who has an exhibit was given a permit for its removal from the Fair upon application. The department of admission and the executive officers of the Fair are making their arrangements for November as if the plan had been formally adopted.

MONTREAL MATTERS.

Hon. J. J. C. Abbott's Condition Improved—Mayor's Dinner Party—Politics in Quebec.

MONTREAL, Oct. 12.—(Special)—Hon. J. A. Ouimet, Minister of Public Works, is here. He expressed himself as well satisfied with the political outlook in this province as evidenced by the reception of Sir John Thompson at various points in the Montreal district last month. He says he is fully convinced that the measure of tariff reform to be introduced by the Government next session will be a comprehensive one.

Mayor Desjardins gave a dinner party last evening in honor of Hon. Hector Fabre, Canadian commissioner at Paris. A number of distinguished persons were present, among them being Lieut.-Governor Chapleau, Chief Justice LaCrosse and Hon. Mr. Taillon.

Sir John Abbott spent a good day yesterday and appears to be much improved. To-day Dr. Roddick is much pleased with his distinguished patient's progress.

JACKETS AND CAPES

GILMORE & McCANDLESS

35 and 37 Johnson Street.

EVERYBODY

Is, or should be, interested in this column.

Do you want a stylish suit for the fall—one that will fit, wear and suit your fancy as regards price?

Do you want a good Mackintosh, one of the latest, with good long cape to button down the front? (Prices from \$5 to \$25. Immense assortment.)

Do you want a good dull finish Rubber Coat, any size, worth \$2.50, for \$1.75?

Do you want an Umbrella for your boys and girls, or one to loan when you don't expect to see it again? A few left at 25c.

Do you want a Leather Coat, best made, for about \$1.50 less than regular price?

Do you want a nobby Hat Hard or Soft Felt, all the latest shapes both English and American?

Do you want the best selected and largest stock of Overcoats to have your pick from?

Do you want some nice Underwear, the best values that money can buy, in Boys', Men's, and extra large Men's?

Do you want a pair of Cork-soled Shoes that will save a doctor's bill, or a pair of Rubbers that will save a fine pair of shoes?

Do you want to trade in a store where one price and honest dealing have built up the largest business of the kind in the Province?

If you want any of the above articles, we can save you money, and time, too.

If you can't get what you want elsewhere, give us a call.

If we have not got it, as a rule nobody else has.

Gilmore & McCandless

35 and 37 Johnson Street.

TENDERS.

TO CONTRACTORS.

SEALED TENDERS, endorsed "New Parliament Buildings, Victoria, Contract No. 2" will be received by the Honourable Chief Commissioner of Lands and Works up to one o'clock p. m. of Thursday, 30th November, 1893, for the several trades required in the erection of new Parliament Buildings at James Bay, Victoria, B.C., viz.:—

1. The excavator, mason and bricklayer's work.
2. The Carpenter and Joiner's work.
3. The slater's and plasterer's work.
4. The cooper's work.
5. The smith and ironfounder's work.
6. The plumber's work.
7. The painter's work.

Tenders will be received for any one trade or for the whole work.

The plans, details, etc., as prepared by F. M. Rattenbury, Architect, can be seen at the office of the undersigned on or after Monday, October 16th, 1893, and complete quantities clearly describing the whole of the work can be obtained on payment of \$20 for each trade. This sum will be returned to the contractors on receipt of a bona fide tender.

Each tender must be accompanied by an accepted bank cheque equal to two per cent. on the amount of each trade tendered for, which will be retained as part security for the due performance of the work. The cheque will be returned to unsuccessful competitors, but will be forfeited by any bidder who may decline to execute a contract if called upon to do so.

The lowest or any tender not necessarily accepted.

W. S. GORE, Deputy Commissioner of Land & Works, Lands and Works Department, Victoria, B.C., September 28th, 1893. sc23

CHINESE EXCLUSION.

The U. S. House of Representatives Discuss the Situation Between the Countries Concerned.

Speeches by Messrs. Geary and McCreary—Latter Protests Against Summary Expulsion.

WASHINGTON, Oct. 12.—In the House of Representatives Mr. Outhwaite presented an order for the consideration of the McCreary bill to amend the Geary Exclusion act from day to day until disposed of. The order was adopted and Mr. McCreary opened the debate on the bill. He said it effected conciliation between the two great countries concerned. There were 100,000 Chinese in this country, and if passed it would save billions of dollars to the United States and at the same time meet the widespread demand for discontinuance of undesirable Chinese immigration. He reviewed the treaties between China and the United States, and the legislation leading up to the passage of the Geary act. This bill simply gave the Chinese in this country six months' additional time in which to register, they having declined to do so, on the advice of their attorneys, pending the decision of the Supreme court. The Chinese had able lawyers who advised them not to register, as the law would be declared unconstitutional. The fact that but five of the nine justices of the Supreme court could be found of the opinion that the Geary law was constitutional certainly shows that these attorneys had good grounds for their advice. He said the Chinese who acted on the advice of their attorneys should have an opportunity to register. To transport the \$5,000 Chinamen who have not registered would cost the Government, according to the estimate of the Secretary of the Treasury, \$7,000,000. Over \$5,000, he said, are anxiously waiting for Congress to decide their fate, and thousands of American missionaries in China are waiting with fear and trembling lest, if we are precipitous, the Chinese may in their wrath retaliate upon them. McCreary said in conclusion that the expulsion of the Jews from Russia or the Huguenots from France was not more barbarous than would be our action if we forced \$5,000 Chinamen to depart because they have been misled by their lawyers.

Mr. Geary, who was granted leave to proceed without limit, began with an indignant denial of the reflections made upon the Pacific coast people in their war upon the Chinese. The Moors were not expelled, the Jews were not driven out, the Huguenots were not forced from their homes because they refused to obey the laws of the country in which they resided.

The Chairman of the Foreign Affairs committee was not more humane than he. "While I do not believe Chinese are entitled to any new rights," said he, "if I believed this bill would give us a settlement of this question, give us an opportunity to regulate their stay here and prevent more from coming, I would vote for it. I am against it because I believe it only temporizes with the situation. We will offer amendments which we believe would make the bill effective. If they are rejected we will vote against it." He went on to speak of the adverse criticism of a bill that bore his name. He spoke of the resolutions adopted by different religious bodies, all strange to say, in the same phrasing, demanding immediate repeal of the Geary law. "What right," he asked, "had any church to ask Congress to do anything?" He had supposed the line between church and state was sharply drawn in this country. He did not deny the sacred right of petition, but churchmen must petition as individuals and not invoke the influence of the church. Ever since 1882, when the United States declared its hostility to Chinese, there never was an hour when by fraud and duplicity Chinese were not trying at all the borders of the United States to break into this country. China, knowing this, could have stopped violation of the law, but China remained silent. There is no room for sympathy for China. She has never neglected an opportunity to defraud the United States. The surplus earnings of the Chinese, which they had carried back to China, amount to the enormous sum of \$500,000,000. Do you wonder why we do not like the Chinese in California? If in any one of your Eastern states 100,000 laborers were sapping from your wealth \$50,000 a day in surplus earnings, would you not want to get rid of them? They are an army of leeches, not laborers.

"Haven't they given value received?" asked Mr. Baker of New Hampshire. Mr. Geary said he believed now in protecting the American laborer against the pauper laborer as well as the product of pauper labor.

"Why don't you extend the limit," asked Mr. Baker, "so as to include other foreigners besides Chinese?"

"I have a bill in this House now," replied Mr. Geary, "to prevent immigration. Will you vote for it, as I will?"

Mr. Baker—I believe in revising our treaties first.

Mr. Geary (contemptuously)—Some people seem to believe we have not got our growth yet; that before legislating we must consult the wishes of foreign countries. (Applause.)

Mr. Baker—We are not too old to be honest.

Proceeding, Mr. Geary insisted that a photograph afforded the only sure means of identification. He denied that it would require \$7,000,000 to enforce the Geary law. If the officers of the administration had done their duty on May 5 the present condition would not have been presented and there would be no occasion for extension.

In reply to a question by Mr. McCreary as to whether the \$25,000 appropriated would have been sufficient, Mr. Geary declared the Chinese would take no risk of being sent back to China. Rather than do that they would voluntarily have left our border. The \$25,000, by demonstrating our intention to enforce the law, would have been as effective as \$25,000,000. (Applause.)

He denounced the administration for violation of party faith and the party platform, and although he loved his party it was his duty to condemn the Democratic officers who had betrayed their trust. If they had violated the law they must go down. He had no fault to find with the Treasury Department, but the action of the Attorney-General in defying the law could not be defended. It had been made the duty of Democrats to denounce and condemn him. He called attention to a statement in the morning papers to the effect that the Chinese Minister had accepted the McCreary bill as satisfactory. "What a spectacle we present," he said, "Could we not modify any laws bearing on foreign people, traffic, for instance, without securing the consent of foreign ministers?" He intimated that the Chinese Minister had had a hand in the preparation of the

Everett bill, of which the McCreary bill was a modification.

Mr. Geary then proposed amendments which he said would perfect the bill—namely, a photographing clause and definition of the term "Chinese laborer."

Mr. Geary closed with an eloquent plea to the Democratic party to do the Pacific coast justice. "Over 95 per cent. of the Chinese," said he, "live west of the Rockies. Not a Democrat at either end of the capitol is unpugged to the doctrine of local self-government. Give us local self-government. When you from the South came up battling for white supremacy we joined with you. Do not let it be said now that a Democratic congress has stricken us down when we who recognized the justice of your contention asked you to free us from the accursed bane of the yellow slave." (Tremendous applause.)

ALL NIGHT SESSION.

The U. S. Senate's Long Sitting—Allen, of Nebraska, Talks for Nearly Fifteen Hours.

An Oratorical Fight to a Finish—Continuous Debate of Forty-Eight Hours Expected.

WASHINGTON CITY, Oct. 12.—The usual methods by which controversies over legislation are settled have failed to carry, and the world is now watching the decision of the great financial question by a test of physical endurance. This peculiar condition is a necessity under the rules by which the Senate operates. All day yesterday there were evidences of preparation for the fight. A few Senators were in the chamber, but a glance into the cloak rooms and a peep into the committee rooms showed many of them sleeping, husbanding their strength for the siege. The forces on both sides were divided so as to give each other relief by taking up defense of their position in turn. The employees of the Senate likewise separated into relays in anticipation of continuous work. The address of every Senator was carefully revised up to date, and the Sergeant-at-Arms had compiled a mass of interesting information as to the usual haunts of Senators in order that those who drifted away might be tracked to their lairs. In the committee rooms couches and blankets were prepared and everything possible done to make comfortable the situation in which the Senators found themselves.

As the hour of 6 o'clock approached, at which time it was known that the signal guns for the beginning of the contest would be sounded, the gradual filling up of the seats on the floor and in the galleries made it evident that the fight was to go on and the public would watch it through. Many members of the House were present. The galleries did not contain an unoccupied seat, and in the doorways a mass of humanity clamored for admission. The silver men had considerable advantage over their opponents, and they were free to admit their pleasure over the conditions. While they can rest in committee rooms and lobbies, leaving only on guard one speaker and Dubois to see that a quorum is present, it is obligatory on the friends of repeal to remain in their places.

The night session was a peculiar one. Senator Allen, of Nebraska, took the floor at 5:15 in the afternoon and without any interruption, excepting such as was purely incidental, held the floor all night. He proved himself an able and indefatigable talker; at no time did his voice fail him, and even when the clerk was calling the roll to secure a quorum, he stood erect and ready to proceed with his remarks. Not for one moment did he falter or lose his self-possession, or show that he was talking against time. He didn't wait for an instant, but with great vigor expounded his financial views. Although he was talking against time he was listened to with attention by the Senators present. During the early part of the evening the galleries were packed to repletion and they remained so until two o'clock. Then they began to lose their occupants, but several hundred persons remained, including two ladies who had been in the gallery since ten o'clock. The freshest man on the floor was Mr. Allen. Mr. Voorhees was utterly worn out; he would occasionally take a book in his hand, his head would soon fall upon his chest and his eyes would close in slumber. Other Senators who desired to refresh themselves with sleep retired to comfortable lounges in the clerk's room, but Mr. Voorhees, in attending to his duty was compelled to remain in the hall without rest.

Probably never before in the life of the United States legislature was there seen such an exhibition of physical endurance as that shown by Senator Allen. He concluded his speech on the stroke of eight o'clock, having thus been on the floor 14½ hours. During the time he occasionally sipped from a cup of tea, but this was his only nourishment. When he finished his eyes were as clear, his voice as strong and his gestures as vigorous as when he took the floor. His respite were few, when he sent to the clerk to have read certain exceptions, but even then he remained upon his feet without the slightest evidence of fatigue. Mr. Allen's speech breaks all previous records, and his powers of endurance won for him the admiration of those who were opposed to his tactics. Prior to this Senator Faulkner was the record breaker, he having held the floor for thirteen hours during the long debate on the force bill.

ALL MEN

Young, old or middle aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of vitality, loss of memory, dimness of sight, palpitation of the heart, headaches, pimples on the face and body, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes, surrounded with LEADEN CIRCLES, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity unless cured. The spring or vital force having lost its tension every function wanes in consequence. Those who through abuse committed in ignorance, may be permanently cured. Send your address and ten cents in stamps for book on diseases peculiar to man, sent sealed. Address M. V. LUBON, 24 Macdonnell Ave., Toronto, Ont., Canada.

Please mention this paper.

VERY VALUABLE.

Having used B. B. B. for biliousness and torpid liver with the very best results, I would recommend it to all thus troubled. The medicine is worth its weight in gold.

WORTHY HELPMEETS

CHARMING, WIVES OF WELL KNOWN CONGRESSMEN.

Feclular Rules Governing Official Society in Washington—Additions to the Season's Social Circle—Personal Sketches of Women of Real Worth.

[Copyright, 1893, by American Press Association.]

Having been, as a general thing, the chief lady in her social circle at home, the new congressman's wife does not find the rules governing official society in Washington all that she could wish. Some of these rules are not very clearly defined, but one of them is. The newcomer must call upon those ladies whose husbands have been in congress longer than hers, or they will not know, "officially," that she is in the city. She does not like making first calls upon total strangers, but bowing to the inevitable goes bravely forth and does not find it so very disagreeable, after all, for her welcome is most cordial, and there are ever so many nice women doing just what she is. This season she will have plenty of company, for there are a great many new members of congress, and most of them have wives and daughters.

MRS. JOHN C. BLACK.

The wife of J. Frank Aldrich, the handsome new representative from the First Illinois district, will be a charming addition to this season's social circles. She was Miss Lula Sherman, daughter of General Frank T. Sherman—on General Sheridan's staff during the latter part of the war—and granddaughter of Francis C. Sherman, mayor of Chicago in its earliest years, and again in the sixties. She was born in Chicago and educated at St. Mary's hall, Fairbank, Minn., and the Academy of Visitation, Georgetown, graduating from both schools with high honors. She is accomplished in many ways, is well read, a bright and clever writer, a pleasing conversationist, a prominent and popular member of the Woman's club of Chicago, and an earnest worker for the World's fair, which is held not far from her beautiful home in Kenwood, that pretty suburb of Chicago.

She is of medium height, good figure and graceful carriage, has blue eyes, soft, brown hair, clear complexion and two pretty dimples in her cheeks that come and go when speaking. Her manner is very natural and unaffected, and she looks so girlish that one is surprised to see two daughters of 12 and 13 and a boy of 10.

Andrew Jackson Hunter of Paris, Ill., one of the two representatives at large from that state, has a wife and daughter with him. Mrs. Hunter is a tall, slender, delicate looking woman, with dark eyes and wavy dark hair which has a thread or two of white in it. Her manner is very pleasant and refined. She was a Miss Fisher of Kentucky. Her mother was a member of the famous Crockett family of that state.

Miss Annah Hunter, a charming and attractive girl, bears a marked resemblance to her mother. She, too, is tall and slight. She has fine dark eyes, abundant, wavy dark hair and clear, pale complexion.

The wife of General John C. Black, the other representative at large from Illinois, is no stranger to Washington. General Black was commissioner of pensions during President Cleveland's first term. That administration will long be remembered for its charming women. Mrs. Black was one of the most popular and will be warmly welcomed back. She was a member of the Ladies' His-

MRS. JOHN L. MCLAURIN.

torical society and found time in spite of many social duties to prepare and read clever and entertaining papers at its meetings. She also recited unusually well for an amateur and was often asked to do so. She was born and educated in Massachusetts, married young and went to live in Illinois, which has since been her home. She is of medium height, with dark hair combed back from a well shaped forehead, expressive dark eyes and a pleasing expression. Not entirely a stranger is another

bright woman, the wife of Representative Charles H. Morgan of Lamar, Mo., who is in congress for the fourth time—the first some 16 years ago, when Mrs. Morgan was a bride; the third about 10 years ago. Mrs. Morgan was Miss Clara Washburn of Oshkosh, Wis.; her father a cousin of Senator Washburn of Minnesota. She was carefully educated, and though children came fast to claim her attention—she has six, the eldest a pretty girl of 13—she is a little woman with a neat figure, black hair and merry black eyes.

The wife of Charles Curtis, the brilliant young member from Topeka, was Miss Anna Baird of Pennsylvania. She is of medium height and well rounded figure, has dark hair and eyes and rosy cheeks and is very clever with her brush and needle, having painted a number of excellent pictures and made a good deal of unusually fine point lace. She has three little children. With him is also his able assistant, his sister, Miss Theresa Curtis, known to her friends as Dollie, who knows more about law than many lawyers, having been in her brother's office ever since she left school several years ago. Though such a real business woman, she is not a bit masculine in appearance or manner, but just a real nice western girl of the best type—tall, slender and fair, with light brown hair, frank gray eyes, a pleasant voice and well shaped, capable looking hands.

General John L. McLaurin, the new representative from Bennettsville, S. C., attributes much of his success—which is something wonderful for a young man but little past 30—to the unflinching encouragement of his wife. She was Miss Nora Breeden and is a pretty young woman, tall, slender and very erect, with velvety dark brown eyes, smooth, dark complexion and golden hair. She is very domestic in her tastes, devoted to her husband and five small children and not fond of general society, though she entertains charmingly in her elegant home in Bennettsville.

Another tall, pretty young southern woman is Mrs. Stallings, wife of Representative Jesse F. Stallings of Greenville, Ala., who was Miss Belle McAllister of Eufala. She has dark hair and eyes and a very pleasant manner, which is sure to make her popular in society.

With Mr. Gaston A. Robbins of Selma, Ala., who is unmarried, is his sister, Miss Mary Lafayette Robbins. She is tall and slight, with fair complexion and hair, is quiet and retiring in manner, and though she has written a great deal and well it has always been anonymously, and she cannot be induced to talk about it. On her mother's side she is descended from Henry Alford, dean of Canterbury.

Byron F. Ritchie of the Ninth Ohio district has a pleasant home and a large circle of friends in Toledo. Mrs. Ritchie,

MRS. WILLIAM J. BRYAN.

a brunette of medium height, is a handsome and accomplished woman. Her maiden name was Kate Ingersoll Taylor. Her father, the late Dr. Linus P. Taylor, was an eminent physician of Williamsburg, Ind., in which place she was born. She has one child, a daughter about 12 years old.

The wife of William J. Bryan of Lincoln, Neb., who has already made a brilliant record in congress as a speaker, and whose silver speech in August made a profound impression, was born in Perry, Ills. Her father, Mr. John Baird, was a prosperous merchant, and every opportunity was given her to cultivate an unusually fine mind. She attended the public schools until she was 16, then went to the Monticello seminary near Alton and later to the academy at Jacksonville, where she graduated with the highest honors. Here she met and became engaged to her future husband, who was pursuing his studies at the college in the same place. They graduated about the same time, she delivering the valedictory for her class one day and he for his the next. A year after she returned to the academy and took a post graduate course.

In 1884 she became the wife of Mr. Bryan, who had established himself in Jacksonville, and a year later, Ruth, her first child, was born. Soon after that she began the study of law, not to practice, but to be able more fully to assist her husband, with whom she wished to keep step, and in whose plans and ambitions she was so deeply interested. Without neglecting any of her many home duties, she studied so well under her husband's direction that she was admitted in 1888 to the bar in Nebraska, to which state they had removed the year before. Then she took up French and German in addition to her other studies.

Two years ago she had the happiness of hearing her husband speak in congress, as he had promised her he would do some day, and was always an interested listener when anything of importance was talked about. Very few women listening to the speeches in congress are so able to understand and appreciate them. She is very pleasing in appearance and manner, is quite tall and very slender, has dark brown hair and dark hazel eyes, and a broad, high forehead. Mr. and Mrs. Bryan have three children, Ruth, aged 6, William J. Jr., about 4, and Grace, a cunning little girl not quite 2.

Washington, JULIETTE M. BABBITT.

LARDEAU

NORTHEAST ARM UPPER ARROW LAKE.

The Townsite Company have entered into a contract to build a wharf to deep water at lowest stage, at the foot of Victoria avenue. This will cost about \$4000.

The C.P.R. Telegraph Company are building their through line from Revelstoke to Nelson, Nakusp and Kaslo via LARDEAU CITY, where the office for the Lardeau and Fish Creek Districts will be situated. It is expected that this line will be opened in a few weeks.

A Mining Recorder is stationed at LARDEAU—a convenience for the prospectors of this region. Many rich strikes have recently been made on Fish Creek, a few miles from LARDEAU. A steamer calls three times a week at LARDEAU.

The charter for the Lardeau & Kootenay Railroad has its commencement at LARDEAU CITY. This line will undoubtedly be built in the near future, as it is the only route to the famous Lardeau Mines on Trout Lake and the shortest and easiest pass to Kootenay Lake.

Prospectors and capitalists visiting the Lardeau Country will find the best Hotel Accommodation in West Kootenay at LARDEAU CITY. It is the entrance point to the Lardeau, Fish Creek and Duncan River Mines, and will save time, labor and money to prospectors who desire to visit these sections.

LARDEAU CITY has much in its favor. It is affected by the prevailing dullness at present, but its situation is such that it must become an important trading point, and grow into a considerable town.

Investors in West Kootenay should seek particulars about LARDEAU and the District tributary to it. Any information will be furnished upon application to the undersigned.

The Colonist.

FRIDAY, OCTOBER 13, 1893.

PASSENGERS.

Per CITY OF KINGSTON, from the Sound—S.D. Leed, J.D. Parry, C. Hunter, Alexander Begg, F. Anderson, G. Chambers, E. F. Dunby, Geo. Cooper, C. S. Maxwell, Wm. Fellows, Mrs. Betz, Mrs. J.B. Anderson, Mrs. J. Jones, Mrs. Sharp, Thos. McNeely and wife, Mrs. Seitz, S. Gillon, Mrs. Mannin, F. W. Clayton, M. Feltows, Mrs. Davis, E. H. Fletcher, Mrs. Edwards, Mrs. Divine, Miss Divine, Mrs. C. Marshall, Mrs. Jos. Ross, Miss Patton, Chas. Marshall, D. G. Noble, H. Johnston and wife, Lee Wheeler, Jas. Johnston, Robt. Boon, J. Henderson, W. H. Proutie, J. Kirklin, W. H. Dunster and wife.

Per Steamer PREMIER from Vancouver—P. J. Alpine, H. Courtney, J. W. Darvey, J. Gray, J. Pettigrew, C. B. cher, W. Todd, R. H. Barry, man, Miss Hall, H. Mitchell, Mr. Riddle, Jas. Sharp, Lieut. Melville, J. J. Jones and wife, John Thomas, C. W. Teetzel, E. Maxwell, H. O. Nielson, P. D. Barrow, Rev. Father Fayard, H. McCarthy, S. Asfeld, R. Garvin, Miss L. Meyers, S. Hutton, H. F. Davis, Mrs. Glenwood, Miss Smith, R. H. Hall, S. C. Caulfield and wife, J. Jackson and wife, Jas. Logie, W. J. Burns, Mrs. Graham, W. H. Redmond, H. Dumbleton, J. A. Thomson.

CONSIGNEES.

Per CITY OF KINGSTON, from the Sound—E. E. Blackwood, T. H. Young, S. D. Schultz, A. W. Moore & Co., Yick Yuen & Co., Diplock & B. S. House, Ames H. & Co., Marvin & Co., J. J. Earsman, Wilson Bros., S. Leiser, Felt & Co., Hud Bay Co., J. W. Todd & Son, Erskine & Co., J. C. Carney Jr., D. H. Ross & Co., H. Saunders, D. H. Ross & Co., J. H. E. Co., Allen, N. E. T. & Co., Union Colliery Co., B. K. M. Co., R. Baker & Co., Francis Nash, Oppenheimer Bros. & P. Few Bros., Wilson Bros., W. D. Rogers, East G. Morrison, Hall & Co., H. Procter.

Per Steamer PREMIER from Vancouver—Union Colliery Co., R. Strauss, Order, J. Horner & Co., J. Pierson, Langley & Co., E. G. Prior, D. Spencer, J. H. Todd, F. Haughton, McEl & McF., J. L. Beckwith, S. Reid, care of R. Turnbull & Co., Thorpe & Co., N. S. Keeper, Don Exp. Co., Marvin & T. R. P. Rithor, Geo. Everett, W. S. Hampson, A. & W. Wilson, Allan Stevens, M. W. Wait, G. C. Shaw & Co., B. Williams, R. J. Matthews, A. Dadowood & Son, Thos. Earle, H. G. Marquis.

BIRTHS.

HILL—In this city, on the 11th inst., the wife of Alexander Hill, of a daughter.

BASS—In this city, on the 12th inst., the wife of O. C. Bass, of a daughter.

DIED.

LOCKHART—In this city, on October 10th, Rev. Allan, youngest son of Mr. and Mrs. C. B. Lockhart, aged 8 months.

The funeral will take place Friday, October 13th, at 2:30 p.m., from 593 Superior street. Friends of the family please accept this intimation.

WEAR—

Granby : Rubber
BOOTS AND SHOES.

PERSONAL.

E. H. Fletcher is back from the Sound. Frank L. Wyse, Nanaimo, is at the Driard.

Johnston P. M. Gray, New Westminster, arrived last evening.

Rev. Father Payard came over from the Mainland last night.

Mrs. P. Everett has returned from a visit to friends in Portland.

Donald Fraser and Joe Creek, Winnipeg, registered at the Driard yesterday.

C. M. Maxwell and Eugene Maxwell, from Portland, Ore., are at the Driard.

S. Huxley, Montreal, was among those who registered at the Driard yesterday.

Alexander Bagg, George Cooper and C. S. Maxwell were passengers from the Sound last evening.

Thos. McNeely and wife arrived down from Ladner's Landing and registered at the Driard yesterday.

R. H. Hall, W. H. Redmond, H. Dumbleton and H. Courtney returned from the Mainland last night.

Harleigh Johnson, the well-known fruit-canner of Santa Barbara, is a guest at the Victoria. Mrs. Johnson accompanies her husband.

Arrivals at the Hotel Victoria: M. Hamberger, Wellington; M. Crooke, Nanaimo; Miss W. H. Robertson, San Francisco; F. Clayton, Seattle.

W. J. Burnes, treasurer of Victoria Lacrosse club, returned from the East last evening. He is a little under the weather at present, having contracted a severe cold in the mountains.

Heavy Fire in Chicago.

CHICAGO, Oct. 12.—Frenzied with fright and driven into a stampede by a raging fire that broke out early this evening in the Wallace street barns of the Chicago City Railway Co., five hundred horses were either suffocated or burned to death. The loss on the building is \$25,000; on the horses about \$50,000, and the contents of the barns, cars, feed, etc., will bring the loss to about \$110,000.

Not Lost, But Arrived.

PHILADELPHIA, Oct. 12.—The French bark Haide, which arrived here to-day, was supposed to have been lost in the hurricane of August 26. She sailed from Sables Dolone on July 31, and was not heard from till to-day. Her captain reports that he encountered nothing but calm and head winds during the voyage.

The Reason Why

you can get a Jacket at cost price at The White House, is because

we are positively going out of the Mantle Trade and so intend to close out the whole of the stock in that Department at the lowest prices imaginable.

See our windows To-day.

HENRY YOUNG & CO.

TEA KETTLES, with wrought iron stands and fitted with spirit lamps, a novel idea, at Weiler Bros.

FROM THE FAR NORTH.

In northern climates people are very subject to colds, but the natural remedy is also produced in the same climate. Dr. Wood's Norway Pine Syrup cures coughs, colds, hoarseness, asthma, bronchitis, and all throat and lung troubles. Price 25c and 50c.

Arrived.

Our final shipment of novelties in Jackets, Mantles, Capes, etc., direct from the manufacturers. Our stock in this department is now complete. We take this opportunity to thank the ladies who have so kindly awaited these arrivals, and to remark that they will be amply repaid by a visit to our show rooms, and comparison of our goods and prices with anything in British Columbia.

W. S. HAMPSON & Co., The Stanley House, Corner Douglas and Fort Sts.

SPECIAL facilities for making blank books. R. T. Williams, 28 Broad street.

FRANCE AND RUSSIA.

Arrangements at Toulon to Honor the Visiting Russian Fleet.

Elaborate Demonstration—General Sympathy With the Movement in the Republic.

TOULON, Oct. 12.—The decorations were finished this evening. The finest spectacle is to be seen at the Palace d'Armes, the largest open space in the town and entrance to the Prefecture Maritime. On one side, the square is draped in scarlet plush, edged with gold fringe. The court of honor and the facade fronting the Palace d'Armes, are illuminated by electric lights. The Rue Lafayette, the Rue St. Roche and some ten other important streets are decorated with lines of colored lanterns, which will be lighted to-morrow evening. Tricolors and Russian colors float from all the buildings, wound round the lamp posts, and form the background of every window. The poor parts of the city are hardly less gorgeous than the fashionable streets. They show bunting in profusion, tricolor lanterns and many portraits of the Czar surrounded by the combined colors of France and Russia. There is not an alley without its flag and lanterns. The Place de la Liberte, in which the battle of flowers will take place, is a magnificent place. The double rows of palm trees are hung with lanterns, streamers and trophies. In front of the statue, erected in 1889, to commemorate the centennial of the Republic, a dais laid with gold plush has been raised under a canopy of flags and standards and French and Russian coats of arms. The canopy dais will be the centre of the flower carnival.

An immense triumphal arch has been erected opposite the City Hall and directly in front of the quay where the Russian officers will enter the town. The city hall is a blaze of light and colors. The decorations of the interior have been made without regard to expense. All the rooms to be used in entertaining the Russians have been furnished with royal splendor and luxury. Tens of thousands have arrived here to-day. To-night many streets are so crowded that many vehicles have been forbidden in them. The quays near the City Hall are inaccessible and the pedestrian must fight his way across the open spaces. Proprietors of lodgings are having an enormous business. They charge 20 francs a day for the smallest rooms. For comfortable quarters the price is 80 or 100 francs. The delegates from the Russian embassy in Paris arrived here this afternoon. Among them M. de Giers, and other foreign ministers. They were welcomed enthusiastically at the station by the people, and were cheered incessantly as they drove to the docks. They went out on a steam yacht to visit the French squadron already at anchor here and then drove around the port. They found both the active and reserve Mediterranean squadrons of France, more than fifty warships, besides torpedo boats ready to receive the Russian fleet. More than 10,000 marines are aboard these vessels.

In the last three days presents for the Russian sailors have been received hourly at the City hall. The mayor announced this evening in the newspapers that he now has ready for the crews of the Russian fleet more than 1,000 packets of cigarettes, innumerable cheeses, and biscuits, and dozens of cases of brandy and champagne. Admiral Reunier, Minister of Marine, who came to town this morning, is holding a reception of civil and military officials at the prefecture maritime. The streets will have a brilliant appearance if all the projects for their beautifying be realized. The municipal authorities have decided to decorate all the street lamps with the French and Russian colors. The stage device used in productions of Die Walkure will be employed to illuminate the Trocadero. A cloud of steam will be produced between the two wings of the building and on this cloud will be projected by powerful electric lanterns, the French and Russian colors. A yacht club is arranging for a splendid river fete at Bittancourt. Ten extra telegraph lines have been laid between Paris and Toulon. The flagship of the Russian squadron at Toulon will be connected with the St. Petersburg by a submarine cable. All the schools and colleges in the department of the Seine will celebrate Saturday and Monday as holidays. President Carnot has issued cards for a ball and banquet at the Elysee on Monday. The Russian officers will be locally lodged at the Military club. The display of fireworks will be unprecedented. Fifteen thousand rockets will be set off in one evening. The centre of the display will be the Eiffel tower. The finest piece of all will represent a colonnade seventy-five feet long surmounted by the tutelary genius of Peace waving the French and Russian flags. Baron Mohrenheim, Russian ambassador, has accepted invitations to the Champs de Mars and Hotel de Ville banquets.

LONDON, Oct. 13.—The Paris correspondent of the Times telegraphs: "Natives of Alsace-Lorraine, who have settled in France, have sent an address of welcome to be presented to Admiral Avelon, of the Russian squadron. They describe themselves in the address as living in meditation, hoping for better days. The Government has placed 250 beds in the Toulon barracks at the disposal of the town authorities. It is nevertheless certain that many persons will be compelled to sleep in the open air. There was an excursion of gymnastic societies from the South of France into Toulon to-night. They came with bands and banners, and there were lively scenes in the streets. The ships in the harbor were illuminated this evening. The weather was fine and the spectacle was a brilliant one."

PARIS, Oct. 12.—The public censor has forbidden the recitation in a theatre of a poem in honor of the Russian visitors, written by an amateur, a son of Admiral Cuvelier. He objects to it on account of its political tone.

The Russian colony has been invited to attend the performance of "Michael Strogoff," at the Grand Theatre, to-morrow night. Four hundred French non-commissioned naval officers will give a banquet to 400 Russian sailors in Toulon after the departure of the Russian officers for Paris.

BRUSSELS, Oct. 12.—A deputation from the French colony in this city will visit the Russian embassy to-morrow to express their sympathy with the demonstration at Toulon. In other cities the French residents will show a similar courtesy to the Russian consuls.

For Over Fifty Years.

Mrs. WINSLOW'S SOOTHING SYRUP has been used for over fifty years by millions of mothers for their children when teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A NATIONALIST RETIRES.

He Complains That the Policy of the Party is Now Directed by Intriguers.

LONDON, Oct. 12.—John Barry, Nationalist M.P. for the south division of Wexford, has announced in a long letter to the secretary of the county convention that he will retire from Parliament. He complains that the policy of his party is now directed by individuals intriguers in secret. They, he says, are mainly responsible for the mistakes of the past. "The horror of the country for disensions and the necessity of unity," Mr. Barry continues, "has been used as a lever by men of small discretion and great self-confidence to stifle public judgment and secure immunity from criticism for their schemes. While such a regime continues, supported as it is by captured and emasculated newspapers, I prefer to work outside of Parliament."

MEDIAEVAL METHODS.

English Press Opinions on Protracted Sessions of Congress.

LONDON, Oct. 12.—The Times, commenting on the action in the United States' Senate to prevent the repeal of the silver bill by a resort to continuous sessions, says: "The determining of an economic question by an appeal to physical endurance is little removed from the mediaeval ordeal of battle, yet this old world remedy is being applied in the centre of the most essentially modern form of government."

The Standard says: "The silver party's tactics are not very democratic. They would have very hard names applied to them here."

The Daily Telegraph characterizes the proceedings as reducing legislation to an absurdity.

The Daily Chronicle says: "The spectacle is ludicrous and contemptible. If physical endurance is to be the legislative court of appeal, communities will have to get themselves represented by athletes."

TO STAY CHOLERA.

The Sultan Grants Money to Build and Maintain a Hospital for Pilgrims to Mecca.

CONSTANTINOPLE, Oct. 12.—The Sultan has assigned a fund of £30,000 to build a hospital in El Hejas, on the Red Sea. The hospital is to accommodate 6,000 persons and to be open to pilgrims of all nationalities. His purpose is to repress the cholera among the pilgrims to Mecca. He himself will defray the running expenses of the hospital.

GOLD BOND ISSUE.

Report That the President is Getting Ready to Double the Gold Reserve.

Confirmatory Cables from France—Energetic Denials by Secretary of the Treasury Carlisle.

WASHINGTON, Oct. 10.—Cables from France and the presence of New York financiers in Washington shed a strong light on the Administration's financial policy. President Cleveland is getting ready for an issue of bonds. It will be denied he is doing this, because he anticipates signing a compromise silver bill with a promise in it. He might even veto such a measure, and then go ahead and arrange for a bond issue under authority which the Treasury Department already possesses. But the bonds are coming.

A Paris cablegram states that the United States is seeking to arrange for placing \$100,000,000 gold bonds abroad. A denial is made in official circles here, just as was done two weeks ago when a Paris cablegram said an issue of \$50,000,000 was being arranged. The financial pulse of Europe is being felt by experienced financiers and result made known to the Administration. J. Pierpont Morgan, of Drexel, Morgan & Co., left for New York to-night after conferences with Secretaries Carlisle and Gresham, and possibly President Cleveland himself. Mr. Morgan's firm has helped float former issues of bonds by the United States. If such a course had been deemed necessary under the Harrison administration, it was known that Mr. Morgan would have been entrusted with the work. That his firm enjoys the confidence of the present administration is also well known, and that it has been feeling the pulses of European money centres is no secret.

It is possible the Belmonts, as agents of the Rothschilds, also will have a hand in whatever is done, though Blackburn denounced them in the Senate the other day on information which could have come only from Secretary Carlisle himself for trying to coerce the Treasury into the bond issue.

Ex-Director Leach, of the Mint, has gone to New York. Mr. Leach is an officer in the bank established by W. C. Whitney and other capitalists, who may naturally be expected to have some influence with the Administration.

The chief significance, however, attaches to Banker Morgan's interviews with the Cabinet officers. He goes back to New York knowing that Secretary Carlisle has been given terms of a compromise which the anti-silver leaders in the Senate declare is the best that can be done for the Administration in the way of a compromise on silver legislation.

This is, in substance, to continue the purchase of 2,000,000 ounces of silver per month for three years, and to authorize bonds for the purpose of increasing the gold reserve up to \$200,000,000. Silver men may insist that the amount purchased be 2,500,000 ounces a month. If they do, they will consent to a provision permitting National banks to issue circulation up to the par value of their bonds.

A bill for this purpose was reported by Chairman Voorhees from the Finance Committee early in the session, but was sidetracked to push the proposition now before the Senate.

President Cleveland may repudiate the proposed compromise, and may even seek to head it off by announcing that he will provide for bonds under the authority he already has. The probability of such a course can be judged from Secretary Carlisle's familiarity with all compromise propositions that are now awaiting adjustment, and also from the emphatic denial which the Secretary gave to the Paris story. The frequent and boastful declaration of Mr. Carlisle that no bonds would be issued by this Administration has no bearing on the situation.

U. S. RAILROADS.

Figures Furnished by Poor's Manual.

The San Francisco Chronicle commenting on the fifth statistical report of the Interstate Commerce Commission, just submitted, says it contains a great deal of interesting information concerning the enormous railroad industry of the United States. It is safe to say that none except the students of Poor's Manual or some such publication have an adequate idea of the extent of the railways in the United States or the amount of capital invested in them. On the 30th day of June, 1892, there were 171,563 miles of railway in this country, employing in their active operations 33,136 locomotives and 1,215,092 cars. The total number of employees was 821,415 and the total number of passengers carried during the year ending June 30th, was 560,958,211, which would show, on the doctrine of averages, that every man, woman and child in the United States had ridden on the cars about 8-6-10 times during the year. The freight train mileage was 485,402,369.

An interesting phase of this report is that which relates to the money invested in railroads and the earnings of the roads. The capitalization of 162,387 miles covered by the report was \$10,226,748,134, of which \$4,633,108,763 was represented by stocks and \$5,593,639,371 by funded debts. On this investment of over \$10,000,000 the net earnings were \$390,409,347, but it is to be observed that in addition the income of railroads from investments, presumably in lands, amounted to \$141,960,782, making the net income from all sources, \$532,370,129. The net income available for dividends was \$115,905,191.

The Leander swimming tank in the Five Sisters block will be opened to the public on Monday. It is intended to supply the tank with salt water before very long.

PASSENGERS per steamer Umatilla for Victoria: F. C. Seaford, W. G. Tibbets and wife, J. E. Gardner, F. S. Ewerby, Neil McArthur, H. G. Wilson, and J. E. Wilson.

THERE was a large attendance at the social given in the Central Presbyterian church last evening, and the affair was one which afforded much pleasure to all who attended. One of its leading features was the liberality of the ladies in dispensing their viands. The musical part of the programme as rendered, is as follows: Glee quartette, choir; recitation, Miss Strachan; comic songs with banjo accompaniment, Mr. Temple; piano solos, Miss Houghton, Miss A. Russell and songs, Rev. P. McF. Macleod, Miss Spring and Mr. Gordon.

HIGHLY PRAISED.

GENTLEMEN—I have used your Hagyard's Yellow Oil and have found it unequalled for burns, sprains, scalds, rheumatism, croup and colds. I have recommended it to many friends and they also speak highly of it.

CLEVELAND DENOUNCED.

The Anti-Chinese Element Condemn the President and the McCready Law.

SAN FRANCISCO, Oct. 12.—The Law and Order League has sent Congressman Geary resolutions adopted at a mass meeting at Los Angeles, Fresno and other cities during the past week. The resolutions brand the McCready law as a direct attempt to placate the sentimental friends of the coolie. They denounce the so-called constitutional Government and President of the United States as shams and impostors, and conclude by denouncing the "laxity of the officers of the law in enforcing the laws of the country."

IN JEOPARDY.

The Austrian Government Seriously Threatened With Defeat.

LONDON, Oct. 13.—The Daily Chronicle correspondent, telegraphing under Thursday's date, says: "The German Liberals in Austria, incensed at the franchise reform bill, to-day resolved to withdraw their support from the Government in suspending the constitution in Prague. It is expected this action on the part of the German Liberals will result in the defeat of the Government to-morrow and in the immediate dissolution of the Austrian Parliament."

Marine Casualties.

MENDOCINO, Cal., Oct. 12.—The schooner Corinthian went ashore at Albion during the night. Captain Zaddard and crew left her and put to sea in a boat. The steamer Cleone left here and picked them up this morning. The schooner Albion was badly damaged by collision with the Corinthian and is expected to go ashore. Her captain was drowned but the crew were saved.

J. W. Mackay's Assaultant.

SAN FRANCISCO, Oct. 12.—It is expected that the second trial of old man Rippey, who shot W. J. Mackay on February 23, will be concluded this afternoon. The defence is presenting its case to-day. It is about the same as the former trial. Counsel for the defendant made a motion for acquittal on the ground that no malice had been proven. The judge denied the motion, and then witnesses were called to show that Rippey had been cranky for many years.

To Investigate Quartz Mining.

SAN FRANCISCO, Oct. 12.—Herr Ernest Stutz, of Cregeldanz, Westphalia, a mining engineer in the Royal Prussian service, arrived here yesterday. He is under commission from the German government to study the methods of quartz mining in this state, and will spend a month or more in his investigations.

SOCIAL DANCE will be given at Swan Lake Hotel on Friday evening, October 13th; music by the Bantley family. Henry Brown, musician. oc11-3c

MORTGAGEE SALE.

To Augustus Carney and Albert Barrett, of the Kootenay District of British Columbia, and Strauss & Co., of the City of Victoria, in said Province, G. S. McConnell, of the City of Vancouver, in said Province, the Bank of Montreal, at New York, British Columbia, and George W. Richardson, of the said Town of Nelson, assignees for the benefit of the creditors of Carney & Barrett.

NOTICE is hereby given that, under and by virtue of a Power of Sale, contained in a certain indenture of mortgage, bearing date the twenty-fifth day of November in the year of our Lord one thousand eight hundred and ninety-two, and registered in the office for the registration of deeds, in the City of Victoria, in the Province of British Columbia, in charge book, vol. 12, folio 11, and numbered 13390, and made between the said Augustus Carney and Albert Barrett, of the one part, and Malcolm McInnes and Patrick Burns, therein described as of the Town of Calgary, in the District of Alberta, one of the Canadian Northwest Territories, of the second part, there will, for the purpose of satisfying the moneys secured by said mortgage, default having been made in the payment thereof, be sold at Public Auction, at the premises herein below described, on Saturday, the fourteenth day of October, A.D., 1893, at ten o'clock in the forenoon, the lands and premises mentioned and described in said indenture of mortgage, as follows: "All those lots of land situate in the said Town of Nelson, and numbered lots two and three, in block twelve, as said lots and block are marked out on the official map or plan of the said Town of Nelson," together with the buildings and improvements thereon, and rights, privileges and appurtenances to the same belonging.

Dated this first day of September, A.D., 1893. F. M. McLEOD, of Nelson, B.C., Solicitor to Mortgagees

Notice to Water Consumers.

The attention of Consumers of Water supplied from the City Water Works is hereby drawn to Section 12 of the "Waterworks Regulation By-Law, 1885," which provides that

From the 1st day of April to the 13th day of September, both inclusive, in each year, no consumer of the water of the said Waterworks shall use such water for irrigating or street sprinkling, except during the hours between 5 o'clock in the evening and 9 o'clock in the following morning, and on the respective days hereinafter mentioned, namely:

IN CENTRAL WARD, on Mondays and Thursdays.

IN SOUTH WARD, on Tuesdays and Fridays; and

IN NORTH WARD, on Wednesdays and Saturdays.

And the water of the said Waterworks shall not be used for irrigating or for street sprinkling outside the limits of the said City.

By order, WELLINGTON J. DOWLER, C. M. O.
